

August 14, 2017

Mr. Mark Kern
County Board Chairman
10 Public Square
Belleville, Illinois 62220

RE: St. Clair County Intergovernmental Grants Department

Dear Mr. Kern:

We have audited the financial statements of the governmental activities and each major fund of the St. Clair County Intergovernmental Grants Department (the "Organization") for the year ended December 31, 2016, and have issued our report thereon dated August 14, 2017. Professional standards require that we provide you with the following information related to our audit:

Our Responsibility Under Auditing Standards Generally Accepted in the United States, Government Auditing Standards, and Title 2 U.S. Code of Federal Regulations part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)

As stated in our engagement letter dated January 3, 2017, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we considered the Organization's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance.

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also in accordance with the Uniform Guidance, we examined, on a test basis, evidence about the Organization's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* applicable to each of its major federal programs for the purpose of expressing an opinion on the Organization's compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the Organization's compliance with those requirements.

Required Supplementary Information Accompanying Audited Financial Statements

We applied certain limited procedures to the management's discussion and analysis, and the schedules of employer's proportionate share of the net pension liability and employer contributions - IMRF, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Supplementary Information Accompanying Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to your representative, Ms. Connie DeRousse, in our letter about planning matters, in addition to our engagement letter dated January 3, 2017, accepted by Mr. Terry Beach.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Organization are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the period under audit.

We noted no transactions entered into by the Organization during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were collectability of loans receivable, depreciable lives, and functional allocation of costs.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The list below summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

- Entry to book additional grant expenses and accounts payable for \$20,250, and the related grant revenue and receivable.

Disagreements With Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 14, 2017, a copy of which accompanies this letter.

Management Consultations With Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. To our knowledge, management has not obtained any opinions from other independent accountants on the application of accounting principles generally accepted in the United States which would affect the Organization's financial statements or on the type of opinion which may be rendered on the financial statements.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors for the preceding year. However, these discussions occurred in the normal course of our professional relationship and our responses were not, in our judgment, a condition of our retention.

We appreciate the opportunity to be of service to St. Clair County Intergovernmental Grants Department.

This communication is intended solely for the information and use of the management, the audit committee, Board of Directors, others within the St. Clair County Intergovernmental Grants Department, federal awarding agencies, and pass-through entities and includes a description of the scope of our testing of internal control over financial reporting and the results of that testing. The communication related to considering the Organization's internal control over financial reporting is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting. Accordingly, this communication is not suitable for any other purpose.

Sincerely,

A handwritten signature in cursive script, appearing to read "Wipfli LLP", is written in black ink.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of St. Clair County Intergovernmental Grants Department ("St. Clair County IGD") as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise St. Clair County IGD's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of St. Clair County IGD as of December 31, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States require that the management's discussion and analysis on pages 3 through 8 and the pension information on page 32 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise St. Clair County IGD's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards on pages 33 through 35 as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the schedule of program activity on pages 36 through 38, are presented for the purposes of additional analysis, and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 14, 2017, on our consideration of St. Clair County IGD's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering St. Clair County IGD's internal control over financial reporting and compliance.

St. Clair County Intergovernmental Grants Department

Management's Discussion and Analysis

Financial Highlights

- St. Clair County Intergovernmental Grants Department's ("St. Clair County IGD") overall financial position, as reflected in total net position, decreased by \$211,922 for the year ended December 31, 2016, and increased by \$297,404 for the year ended December 31, 2015.
- In governmental funds, the total fund balance increased by \$88,265 and \$592,015 for the years ended December 31, 2016 and 2015, respectively.

A synopsis of key financial activities for the 2016 fiscal year is as follows:

Workforce Investment Division includes Workforce Investment Act Formula Grant and Trade Adjustment Assistance Grants. The Workforce Investment Division funding increased 2.06% due to an increase in the Trade Adjustment Grant funding.

Community Development Division includes St. Clair County Community Development Block Grant, Home Grant, Lead Grant, Homelessness Prevention Grants, Supportive Housing Grants, various Illinois Housing Development Grants, and the Neighborhood Stabilization Program. The Community Development Division funding increased 3.65% due to a one time infrastructure grant passed through from the State of Illinois, Department of Commerce and Economic Opportunity.

Community Services Division includes the St. Clair Community Action Agency Grants; Community Services Block Grant, Weatherization Grant from the U.S. Department of Health and Human Services, and Weatherization DOE from the U.S. Department of Energy and Low-Income Energy Grants. The Community Services Division funding decreased 1.40% due to a decrease in funding in Weatherization and in the Low-Income Energy Grants.

Overview of the Financial Statements

The basic financial statements of St. Clair County IGD are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. In addition, other information supplementary to the basic financial statements is provided.

Government-wide Financial Statements

- The government-wide financial statements are the statement of net position and the statement of activities. These statements present an aggregate view of St. Clair County IGD's finances in a manner similar to private and nonprofit sectors.
- The statement of net position presents information on all of St. Clair County IGD's assets/deferred outflows of resources and liabilities/deferred inflows of resources, with the difference between the two being reported as net position.
- The statement of activities presents information showing how St. Clair County IGD's net position changed during the year.
- The government-wide financial statements are shown on pages 9 and 10 of this report.

St. Clair County

Intergovernmental Grants Department

Management's Discussion and Analysis

Fund Financial Statements

- St. Clair County IGD also produces fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities. St. Clair County IGD, like other federal/state and local governments, uses fund accounting to demonstrate compliance with finance-related legal requirements. Fund statements generally report operations in more detail than St. Clair County IGD's organization-wide statements.
- There are two fund financial statements: the balance sheet and the statement of revenue, expenditures, and changes in fund balances.
- St. Clair County IGD has only one fund type—the governmental fund. Governmental funds include the following: the general fund and the special revenue fund. The special revenue fund accounts for all federal, state, and local grant-funded programs.
- Financial information is presented separately on both the balance sheet and the statement of revenue, expenditures, and changes in fund balances for the general and special revenue fund as these are considered to be the major funds. Data for the funds is combined into a single aggregated column. Data for each federal, state, and local program within the special revenue fund is provided separately as additional information on pages 37 through 39 of this report. The governmental fund financial statements are on pages 11 through 14 of this report.

The major features of St. Clair County IGD's financial statements, including the portion of the activities reported and the type of information contained, is shown in the following table.

	Government-wide Statements	Fund Financial Statements Governmental
Scope	Entire St. Clair County IGD	The programmatic and operating activities of St. Clair County IGD.
Required Financial Statements	Statement of net position and statement of activities	Governmental fund balance sheet and statement of revenue, expenditures, and changes in fund balance.
Basis of Accounting and Measurement Focus	Accrual accounting and economic resources focus	Modified accrual accounting. Current financial resources focus.
Type of Asset and Liability Information	All assets and liabilities, both financial and capital, short-term, and long-term	Generally includes assets expected to be used and liabilities that come due during the year or soon thereafter. No capital assets or long-term liabilities included.
Type of Inflow and Outflow Information	All revenue and expenses during the year, regardless of when cash is received or paid	Revenue for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and the related liability is due and payable.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to the full understanding of the data provided in St. Clair County IGD's government-wide and fund financial statements. The notes to the financial statements can be found on pages 15 through 32 of this report.

Management's Discussion and Analysis

Government-Wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. In the case of St. Clair County IGD, assets/deferred outflows of resources exceeded liabilities/deferred inflows of resources by \$1,734,932 and \$1,946,854 at December 31, 2016 and 2015, respectively. Table 1 provides a summary of St. Clair County IGD's net position for the years ended December 31, 2016 and 2015.

Table 1
Condensed Statement of Net Position
(in \$1,000)

	Governmental Activities	
	2016	2015
Current assets	\$ 5,823	\$ 6,818
Capital and other assets	2,107	2,192
Total assets	7,930	9,010
Deferred outflows	494	754
Current liabilities	3,484	4,567
Noncurrent liabilities	3,177	3,230
Total liabilities	6,661	7,797
Deferred inflows	28	20
Net position:		
Net investment in capital assets	14	30
Restricted	1,957	1,865
Unrestricted	(236)	52
Total net position	\$ 1,735	\$ 1,947

For the year ended December 31, 2016, in governmental activities, total assets decreased by \$1,080,377, primarily due in part to a decrease in cash and grant receivable of \$922,261. Total liabilities decreased by \$1,135,686 primarily due to an increase in accounts payable of \$191,751, and a \$1,186,462 decrease in unearned revenue.

For the year ended December 31, 2015, in governmental activities, total assets increased by \$678,851, primarily due in part to an increase in cash and cash equivalents of \$563,621 and an increase in grants receivable of \$97,642. Total liabilities increased by \$811,824 primarily due to a decrease in accounts payable of \$391,726, a \$495,155 increase in unearned revenue, and a \$497,149 increase in net pension liability.

Management's Discussion and Analysis

Government-Wide Financial Analysis (Continued)

Change in Net Position

Table 2 summarizes the change in net position for 2016 and 2015.

Table 2
Change in Net Position
(in \$1,000)

	2016	Percentage of Funding	2015	Percentage of Funding
Revenue:				
Net grant revenue	\$ 16,475	97.93%	\$ 15,799	94.95%
Revolving loan payments	106	.63%	601	3.61%
Interest income	17	0.10%	26	0.16%
Program income	213	1.27%	171	1.03%
Miscellaneous	13	0.07%	42	0.25%
Total revenue	16,824	100.00%	16,639	100.00%
Expenditures:				
Job training and employment	3,687	21.64%	3,300	20.20%
Housing and urban development	7,652	44.92%	7,047	43.12%
Weatherization/energy assistance	5,000	29.35%	5,245	32.07%
Community services programs	659	3.87%	692	4.24%
Nonprogram transactions	21	0.12%	19	0.13%
Depreciation - Unallocated	17	0.10%	38	0.24%
Total expenditures	17,036	100.00%	16,341	100.00%
Change in net position	(\$ 212)		\$ 298	
Net position – Beginning of year	\$ 1,947		\$ 1,560	
Change in accounting principle	\$ 0		\$ 89	
Net position – Beginning of year, as restated	\$ 1,947		\$ 1,649	
Net position – End of year	\$ 1,735		\$ 1,947	

As shown, program revenue in the form of grants and contributions for 2016 and 2015 provide over 98% and 95%, respectively of the funds for governmental activities, which are expended primarily on job training, housing, and weatherization. In 2015, St. Clair County IGD adopted new accounting guidance which resulted in an increase of beginning of the year net net position for 2015 from \$1,560,119 to \$1,649,450.

St. Clair County Intergovernmental Grants Department

Management's Discussion and Analysis

Governmental Activities

Net Cost of Governmental Activities

Table 3 reports the cost of governmental activities. The table also shows each activity's net cost (total cost less grants and contribution revenue provided for specific programs).

Table 3
Net Cost of Governmental Activities
(in \$1,000)

	2016		2015	
	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
Job training and employment	\$ 3,687	(\$ 58)	\$ 3,300	(\$ 55)
Housing and urban development	7,652	(28)	7,047	(41)
Weatherization/energy assistance	5,000	(149)	5,245	(60)
Community services programs	659	52	692	508
Nonprogram transactions	21	(21)	20	(20)
Depreciation - Unallocated	17	(17)	38	(38)
Totals	\$ 17,036	(\$ 221)	\$ 16,342	\$ 294

In 2016, the overall increase in expenses was due mainly to an increase in Job training and employment and Housing and urban development.

The Housing and Urban Development programs operate various revolving loan programs. The net cost of services was funded by restricted net assets reserved for revolving loans.

In 2015, the overall decrease in expenses was due mainly to a decrease in Weatherization and energy assistance.

Governmental Funds

St. Clair County IGD completed the year with a total governmental fund balance of \$2,338,967, an \$88,265 increase from the 2015 fund balance of \$2,250,702.

St. Clair County

Intergovernmental Grants Department

Management's Discussion and Analysis

Governmental Activities (Continued)

Capital Assets

At the end of 2016, St. Clair County IGD had invested a cumulative of \$186,563 in capital assets; including vehicles, temporary structures, and equipment (see Table 4). Additional information about capital assets can be found in Note 6. St. Clair County IGD recognized depreciation expense of \$16,531 for governmental activities. Total accumulated depreciation on these assets was \$172,998.

Table 4
Capital Assets

	2016	2015	% Change
Vehicles	\$ 136,131	\$ 136,131	0.0 %
Equipment	13,492	20,242	(33.3%)
Temporary structures	36,940	36,940	0.0%
Accumulated depreciation	(172,998)	(163,217)	6.0%
Totals	\$ 13,565	\$ 30,096	(54.9%)

Factors Bearing on St. Clair County IGD's Future

The biggest threat to the St. Clair County Intergovernmental Grants Department is President Trump's/OMB proposed Federal budget to take effect October 1, 2017. The proposed Federal budget (if passed) would eliminate CDBG, HOME, CSBG, LIHEAP, and CoC Homeless grants to name the most significant ones. We would lose about \$8.1 million or 65% of our funding which would be devastating to the cities and citizens of the County. Basically the only programmatic area remaining would be our 5 county WIOA grant. Significant layoff of staff would be required. Also, every year the State of Illinois holds up our Federal pass-through funds until the last moment. That happened again in June of 2017.

Contacting St. Clair County IGD's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of St. Clair County IGD's finances and to demonstrate St. Clair County IGD's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Connie DeRousse, Fiscal Manager, St. Clair County Intergovernmental Grants Department, 19 Public Square, Suite 200, Belleville, Illinois 62220.

Change in net position - Governmental activities	<u><u>(\$ 211,922)</u></u>
--	----------------------------

St. Clair County Intergovernmental Grants Department

Notes to the Financial Statements

Note 1: Summary of Significant Accounting Policies

Nature of Operations

St. Clair County Intergovernmental Grants Department ("St. Clair County IGD") is a department of St. Clair County, Illinois (the "County"). For financial reporting, St. Clair County IGD includes all funds and other authorities over which the Department exercises oversight responsibilities. Oversight responsibility is defined to include the following considerations: selection of governing authority, designation of management, ability to significantly influence operations, accountability for fiscal matters, the scope of an organization's public service, and/or special financing relationships.

St. Clair County IGD administers economic development and rehabilitation, weatherization, job training, and other social service programs in St. Clair County for the economically disadvantaged under various federal and state grants. It is a distinct entity established through these agreements and its operations are accounted for separately from those of St. Clair County. St. Clair County IGD receives approximately 44% of its support directly from the U.S. Department of Housing and Urban Development (HUD); approximately 22% from the U.S. Department of Labor, passed through the Illinois Department of Commerce and Economic Opportunity (DCEO); and approximately 19% from U.S. Department of Health and Human Services, passed through DCEO.

The St. Clair Community Action Agency (CAA) was formed as a 501(c)(3) organization. The CAA has been in existence since 1964. In 1983, the CAA formed a unique relationship with St. Clair County Government in an effort to reach a broader population of eligible county residents. The St. Clair County IGD oversees the daily operation of the CAA through a program operations agreement. All activity of the CAA is reported in St. Clair County IGD's special revenue fund. The CAA has a fifteen member advisory Board of Directors that reflect a diverse composition. It is comprised of five representatives each from the public sector, client representatives and private sector. The mission of the CAA is to improve the quality of life for individuals in their communities with a focus on providing direct assistance to individuals and families in their effort to attain self-sufficiency and lead enriched productive lives.

The accompanying financial statements present the activities of St. Clair County IGD. Accounting principles generally accepted in the United States require that these financial statements include the primary government and its component units. Component units are separate organizations that are included in St. Clair County IGD's reporting entity because of the significance of their operational or financial relationships with St. Clair County IGD. All significant activities and organizations with which St. Clair County IGD exercises oversight responsibility have been considered for inclusion in the financial statements. CAA is considered a blended component unit of St. Clair County IGD.

Significant Policies

The financial statements of St. Clair County IGD have been prepared in accordance with accounting principles generally accepted in the United States (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by St. Clair County IGD are described below.

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Basis of Presentation

Government-wide Statements

The statement of net position and the statement of activities present financial information about St. Clair County IGD's governmental activities. These statements include the financial activities of the overall government in its entirety. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through intergovernmental revenue and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenue for each function of St. Clair County IGD's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Program revenue includes: (a) charges paid by the recipients for goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenue that is not classified as program revenue, including interest income, is presented as general revenue.

St. Clair County IGD applies restricted resources first when an expense is incurred for a purpose for which both restricted and unrestricted net position is available. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of the function.

Fund Financial Statements

The fund statements provide information about St. Clair County IGD's funds. Separate statements for each fund category are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

St. Clair County IGD reports the following major governmental funds:

General Fund

The general fund is St. Clair County IGD's primary operating fund. It accounts for all financial activity that is not required to be accounted for in the special revenue fund. All general receipts that are not allocated by law or contractual agreement to a special revenue fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the general fund.

Special Revenue Fund

The special revenue fund accounts for activities associated with providing economic development and rehabilitation, weatherization, job training, and other social service programs. Sources include financial aid received from the state and federal government. Excess expenditures of the fund are financed with a transfer from the general fund.

St. Clair County Intergovernmental Grants Department

Notes to the Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which St. Clair County IGD gives or receives value without directly receiving or giving equal value in exchange, include grants, entitlements, and donations. On an accrual basis, revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Interest earnings on temporary investments are recognized in the fiscal period earned.

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenue is recognized when measurable and available. St. Clair County IGD considers all revenue reported in the governmental funds to be available if the revenue is collected within 60 days after the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred. General capital asset acquisitions are reported as expenditures in governmental funds.

Unearned revenue is reported on the balance sheet when potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Unearned revenue also arises when resources are received by St. Clair County IGD before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability on the balance sheet is removed and revenue is recognized.

Intergovernmental Revenue

In governmental funds, entitlements and nonreimbursable grants are recorded as receivables and revenue when measurable and available. Reimbursement type grants are recorded as receivables and revenue when the related expenditures are incurred. St. Clair County IGD participates in various federal programs.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of financial statement preparation, St. Clair County IGD includes certificates of deposit as cash equivalents.

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Escrow Deposits

Escrow deposits consist of funds held in escrow as required by the agreements with subcontractors for certain grant programs. Approved loan commitments may also be escrowed prior to final disbursement from the revolving loan funds.

Budgetary Information

The primary revenue source of St. Clair County IGD is federal and state grants. The grant contracts themselves provide sufficient control over the expenditure of grant proceeds; therefore, the adoption of an annual budget is not necessary. As a result, budgetary information has not been provided in these financial statements.

Capital Assets

Capital assets are reported at actual cost. Donated assets are reported at an estimated fair value at the time received.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements are as follows:

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Vehicles	\$ 5,000	Sum of the years' digits	5
Computer Equipment	5,000	Sum of the years' digits	3
Temporary Structures	5,000	Sum of the years' digits	5

Cost Allocations

Joint costs are allocated to benefiting programs using various allocation methods depending on the type of joint cost being allocated. Joint costs are those costs incurred for the common benefit of all agency programs, which cannot be readily identified with a final cost objective. The joint costs of St. Clair County IGD are allocated to the various funds based upon St. Clair County IGD's formalized and approved cost allocation plan.

Loans Receivable

St. Clair County IGD operates loan programs for economic development and residential rehabilitation for lower income families in St. Clair County IGD's service area. St. Clair County IGD also operates forgivable loan programs under their housing activities for low-income individuals. The programs consist of loans for home rehabilitation, homebuyer assistance, new home construction, and HOME grants. The assistance provided is recorded as a receivable with a corresponding increase in temporarily restricted net position. Any loans subsequently repaid will reduce the loan receivable and provide funds for loans or other assistance to other eligible participants.

St. Clair County Intergovernmental Grants Department

Notes to the Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Loans Receivable (Continued)

Management has the intent and ability to hold all loans for the foreseeable future or until maturity or pay-off. Management has reported the loans at their outstanding unpaid principal balances adjusted for charge-offs and the allowance for expected loan losses, if applicable.

Loans losses are charged against the loan balance when management believes the collectability of the principal is unlikely. Subsequent recoveries, if any, are credited to the loan balance.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet will sometimes report a separate section of deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. At this time, St. Clair County IGD has one item that qualifies for reporting in this category. The deferred outflows of resources represent St. Clair County IGD's pension amounts related to the Illinois Municipal Retirement Fund.

In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents the acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. At this time, St. Clair County IGD has one item that qualifies for reporting in this category. The deferred inflows of resources represent St. Clair County IGD's pension amounts related to the Illinois Municipal Retirement Fund.

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflow of resources in the government-wide financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation. Net position is reported as restricted in the government-wide financial statements when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments or imposed by law through constituted provisions or enabling legislation.

Fund Balances

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources.

Nonspendable fund balance: This classification includes amounts that cannot be spent because they are either (a) not in spendable form—prepaid items or inventories, or (b) legally or contractually required to be maintained intact. St. Clair County IGD has a nonspendable fund balance of \$102,242 consisting of inventory supplies and prepaid items that are reported as other assets.

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Fund Balances (Continued)

Restricted fund balance: This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. St. Clair County IGD has a restricted fund balance of \$1,957,051 consisting of revolving loans.

Committed fund balance: These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions by the Board of Directors. Those committed amounts cannot be used for any other purpose unless the Board of Directors removes the specified use by taking the same type of action that imposed the original commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. Currently, St. Clair County IGD does not have any committed fund balances.

Assigned fund balance: This classification reflects the amounts constrained by the Board of Directors "intent" to be used for specific purposes, but are neither restricted nor committed. The Board of Directors and management have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed. Currently, St. Clair County IGD does not have any assigned fund balances.

Unassigned fund balance: This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is St. Clair County IGD's policy to use externally restricted resources first, then unrestricted resources - committed, assigned and unassigned—in order as needed.

Income Taxes

St. Clair Community Action Agency is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. It is also exempt from Illinois franchise or income tax. St. Clair Community Action Agency is required to assess whether it is more likely than not that a tax position will be sustained upon examination on the technical merits of the position assuming the taxing authority has full knowledge of all information. If the tax position does not meet the more likely than not recognition threshold, the benefit of that position is not recognized in the financial statements. St. Clair Community Action Agency has determined there is no amount to record as assets or liabilities related to uncertain tax positions.

Subsequent Events

Subsequent events have been evaluated through August 14, 2017, which is the date the financial statements were available to be issued.

St. Clair County Intergovernmental Grants Department

Notes to the Financial Statements

Note 2: Cash and Cash Equivalents

Custodial Credit Risk - Deposits

In the case of deposits, St. Clair County IGD minimizes its risks that in the event of a bank failure, the Department's deposits may not be returned to it. State statutes require that all monies deposited in banks and savings and loans that exceed 75% of the capital stock and surplus of such institution shall be collateralized by specific securities. However, the Department generally requires collateral on all deposits over FDIC or SIPC coverage. The pledging financial institution's trust department or the Federal Reserve holds the collateral. As of December 31, 2016, none of St. Clair County IGD's bank balance and certificates of deposit balances totaling to \$3,934,628 was exposed to custodial credit risk because all balances were insured or collateralized with securities held by the pledging or financial institution's trust department or agent.

Note 3: Grants Receivable

Grants receivable consist of the following:

Illinois Department of Commerce and Economic Opportunity	\$	819,938
U.S. Department of Housing and Urban Development		498,602
Total	\$	1,318,540

Note 4: Revolving Loans Receivable Revolving Loan Liability Reserve for Loans

St. Clair County IGD operates loan programs for economic development and residential rehabilitation for lower income families to be paid back over a period of up to ten years. Net loans receivable of \$298,959 are recorded as an asset and are offset by a liability in the special revenue fund.

The St. Clair County IGD Community Services Block Grant (CSBG) program was funded by DCEO. The CSBG Loan program was suspended in 2015. The program suspension remained in 2016. As of December 2016 all funds repaid from CSBG loans will be held by IGD until further notice from DCEO.

There is currently no allowance for loan losses or discount recorded.

Loans receivable consist of the following:

Jobs and business development	\$	290,852
Residential housing		8,107
Subtotals		298,959
Current portion	(	163,519)
Long-term portion	\$	135,440

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 4: Revolving Loans Receivable (Continued) Revolving Loan Liability Reserve for Loans

A summary of revolving loans receivable and related restricted net position is as follows:

Program	Rates	Period	12/31/2016 Balance	Net Position Restricted for Loans
Home Rehabilitation	2.52%	Various	\$ 8,107	\$ 150,494
CDBG Loans	3-5%	Various	61,626	538,341
CSBG Loans	3-5%	Various	229,226	1,268,216
Totals			\$ 298,959	\$ 1,957,051

The change in the revolving loans payable during 2016 is as follows:

1/1/16 Balance	Additions	Reductions	12/31/16 Balance	Amount Due Within One Year
\$ 411,841	\$ 0	\$ 112,882	\$ 298,959	\$ 163,519

Net position restricted for loans represents funds that have been repaid in 2016 and prior to St. Clair County IGD.

The collection scheduled for notes receivable is as follows:

2017	\$ 163,519
2018	22,319
2019	23,612
2020	24,316
2021	60,401
Thereafter	4,792
Total	\$ 298,959

St. Clair County IGD monitors the credit quality of the loans. As of December 31, 2016, St. Clair County IGD determined there were no loans that were considered impaired or non-performing.

St. Clair County Intergovernmental Grants Department

Notes to the Financial Statements

Note 5: Forgivable Loans Receivable Forgivable Loans Payable

St. Clair County IGD operates forgivable loan programs under their housing activities for low-income individuals. The programs consist of loans for home rehabilitation, homebuyer assistance, new home construction, and HOME grants. The home rehabilitation, homebuyer assistance, and HOME grants are forgiven over four to six years. The new home construction loans are forgiven over a ten-year period. All of the loans are contingent on the homeowner not selling the property. If the home is sold prior to that date, a proportionate amount of the forgivable loan must be repaid to St. Clair County IGD based on the number of years remaining on the loan period.

The forgivable loan receivable and corresponding payable balance at December 31, 2016, is \$2,908,074. The schedule of forgiveness is as follows:

2017	\$	950,284
2018		757,384
2019		544,212
2020		344,224
2021		180,883
Thereafter		131,087
Total	\$	2,908,074

The change in the forgivable loans payable during 2016 is as follows:

	1/1/16 Balance	Additions	Reductions	12/31/16 Balance	Amount Due Within One Year
\$	2,940,784	\$ 826,946	\$ 859,656	\$ 2,908,074	\$ 950,284

St. Clair County IGD monitors the credit quality of the loans. As of December 31, 2016, St. Clair County IGD determined there were no loans that were considered impaired or non-performing.

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 6: Capital Assets

Capital asset balances and activity for the year ended December 31, 2016, were as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental activities:				
Capital assets being depreciated:				
Vehicles	\$ 136,131	\$ 0	\$ 0	\$ 136,131
Equipment	20,242	0	6,750	13,492
Temporary structures	36,940	0	0	36,940
Total capital assets being depreciated	193,313	0	(6,750)	186,563
Less accumulated depreciation for:				
Vehicles	(107,382)	(15,633)	0	(123,015)
Equipment	(18,895)	(898)	6,750	(13,043)
Temporary structures	(36,940)	(0)	0	(36,940)
Total accumulated depreciation	(163,217)	(16,531)	6,750	(172,998)
Governmental activities capital assets, net of accumulated depreciation	\$ 30,096	(\$ 16,531)	\$ 0	\$ 13,565

Depreciation expense for the year ended December 31, 2016, could not be readily allocated to specific government functions. Total depreciation for governmental activities for the year ended December 31, 2016, was \$16,531.

Note 7: Due From/Due To Other Funds

Individual interfund receivable and payable balances as of December 31, 2016, are as follows:

Fund	Due From	Due To
Special revenue:		
Job training and employment	\$ 0	\$ 2,011
Housing and urban development	7,558	5,139
Weatherization/energy assistance	878	0
Community services programs	0	653
Special revenue totals	8,436	7,803
General fund	101,552	102,185
Totals	\$ 109,988	\$ 109,988

At December 31, 2016, a net of \$109,998 is owed between the special revenue fund and the general fund. Interfund activities are recorded to meet specific cash needs.

During the year, \$16,616 was transferred from the special revenue fund to the general fund related to unrestricted interest and fees collected on loans receivable.

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 8: Operating Leases

St. Clair County IGD leases various facilities and equipment for operation of its programs. Lease expense for the year ended December 31, 2016, was \$210,527. Future minimum lease payments on leases having terms beyond one year are as follows:

2017	\$	18,615
2018		7,789
2019		3,999
Total	\$	30,403

Note 9: Employee Benefits

The Intergovernmental Grants Department is a component unit of St. Clair County, Illinois and participates in the County's defined benefit pension plan. Actuarial assumptions are based on the County regular members as a whole and therefore, the entirety of this note is a reflection of the retirement fund commitment of the County and IGD, not just IGD. IGD has reported the net pension liability, deferred outflows of resources, and pension expense based on the IGD's member wages as a percentage of the entire regular plan's member wages (6.79%). IGD believes this percentage could be applied to the following actuarial information of the plan as a whole.

Illinois Municipal Retirement Fund (IMRF) Plan Description

Plan Description. The County's defined benefit pension plan for employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The County's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provider" section of this document. Details of all benefits are available for IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report may be obtained for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs and deputy sheriffs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 9: Employee Benefits (Continued)

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired after January 1, 2011, are eligible for Tier 2 benefits. Tier 2 employees are vested for pension benefits when they have at least ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 96 months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- ½ of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2016, the following regular employees were covered by the benefit terms:

	IMRF
Retirees and Beneficiaries currently receiving benefits	679
Inactive Plan Members entitled to but not yet receiving benefits	420
Active Plan Members	648
Total	<u>1,747</u>

Contributions

As set by statute, the County's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement of its own employees. The annual contribution rate for calendar year 2016 was 10.54%. For the fiscal year ended December 31, 2016, the St. Clair County IGD contributed \$204,387 to the plan. The County also contributes for disability benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 9: Employee Benefits (Continued)

Net Pension Liability

At December 31, 2016, St. Clair County IGD reported a liability of \$939,428 for its proportionate share of the net pension liability. St. Clair IGD's proportion of the net pension liability was based on St. Clair IGD's share of employee wages contributing to the pension plan relative to the employee wages of all participating employers. At December 31, 2016, St. Clair IGD's proportion was 6.79%. The net pension liability was measured as of December 31, 2016. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2016:

- The **Actuarial Cost Method** used was Entry Age Normal
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.75%.
- **Salary Increases** were expected to be 3.75% to 14.5%.
- The **Investment Rate of Return** was assumed to be 7.50%.
- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2014 valuation according to an experience study from years 2011 to 2013.
- The IMRF-specific rates for **Mortality** (for non-disabled retirees) were used with fully generational projection scale MP-2014 (base year 2012). These were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For **Disabled Retirees**, and IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For **Active Members**, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

There were no benefit changes during the year.

- The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 9: Employee Benefits (Continued)

Actuarial Assumptions (Continued)

Asset Class	Portfolio Target Percentage	Long-term Expected Real Rate Of Return
Domestic Equity	38%	6.85%
International Equity	17%	6.75%
Fixed Income	27%	3.00%
Real Estate	8%	5.75%
Alternative Investments	9%	2.65-7.35%
Cash Equivalents	1%	2.25%
Total	100%	

Single Discount Rate

A Single Discount Rate of 7.50% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period on which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.50%, the municipal bond rate is 3.78%, and the resulting single discount rate is 7.50%.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.50%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

	1% Lower 6.50%	Current Discount 7.50%	1% Higher 8.50%
Net Pension Liability	\$2,191,547	\$939,428	\$ (90,817)

Note 9: Employee Benefits (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2016, St. Clair County IGD recognized pension expense of \$485,635. At December 31, 2016, St. Clair County IGD reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred Amounts Related to Pensions	Deferred Outflows of Resources	Deferred Inflows of Resources
<i>Deferred Amounts to be Recognized in Pension Expense in Future Periods</i>		
Differences between expected and actual experience	\$ 19,837	\$ 9,665
Changes in assumptions	70,423	18,026
Net difference between projected and actual earnings on pension plan investments	404,039	0
Total Deferred Amounts to be recognized in pension expense in future periods	494,299	27,691
<i>Pension Contributions made subsequent to the Measurement Date</i>	0	0
Total Deferred Amounts Related to Pensions	\$ 494,299	\$ 27,691

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Year Ending December 31	Increase In Pension Expense
2017	\$ 199,160
2018	143,152
2019	115,174
2020	9,122
Total	\$ 466,608

Employee Health and Welfare Benefits

The County has a self-insurance program covering certain health and welfare benefits for substantially all of its employees including IGD. The employees' medical plan is funded with the County contributing to the Employee Medical Trust fund, an Internal Service fund, the cost for its employees with a minimal contribution by the employee. Contributions paid by IGD were \$398,843 for the year ended December 31, 2016. Employee dependent coverage is paid by the employee through payroll deductions.

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 9: Employee Benefits (Continued)

Postemployment Benefits other than Pension

IGD participates in the County's Postemployment Benefit program for healthcare. The County must provide health coverage to certain retired employees and their eligible dependents under the Municipal Employee's Continuation Privilege law. To be eligible, the retiree must retire from active service and be immediately eligible for an IMRF pension or disability benefit and covered by the County's health plan at retirement. Premiums charged are at COBRA rates less a 2% administration fee as required by State statute. The program becomes secondary to Medicare when the retiree or spouse reaches age 65. Premiums are withheld by IMRF from retirement pay and paid directly to the County. Premiums and costs are included in the Internal Service Fund of the County.

The County established an irrevocable trust to fund future benefits. As of December 31, 2016, the most recent actuarial valuation date, the County's Regular plan had no Unfunded Actuarial Accrued Liability (UAAL). The County actuarially determines the required annual contribution and has deposited 100% of the funds into the trust fund. These annual contributions include the current years' service cost as well as the amortization of the unfunded actuarial accrued liability (AAL). This amortization is based on a 30-year amortization of the unfunded AAL as a level dollar amount.

The required contribution was determined as part of the December 31, 2016 actuarial valuation using the Entry Age Normal Cost method. The actuarial assumptions at December 31, 2016 included (a) 5.25% investment rate of return (net of administrative expenses); (b) projected medical increases of 6.8% grading down to 4% in year 2088, (c) rate of retirement based on ages, (d) turnover, (e) disability/mortality, and (f) percent of retiree and spousal participation. Information for the Commission alone is not available. Required minimum contributions were made into the County's Post-Employment Benefits Trust Fund. The complete information for the County's plan is included in the County's financial statements.

Note 10: Risk Management

St. Clair County IGD is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. St. Clair County IGD participates in the Illinois Counties Risk Management Trust, which carries commercial insurance to provide insurance coverage to local counties in Illinois. Insurance premiums are paid by St. Clair County. St. Clair County IGD paid \$96,192 to the County for insurance premiums for the year ended December 31, 2016. St. Clair County IGD also carries commercial insurance for public employee dishonesty. There are no unsettled claims that exceed commercial coverage for any of the past three fiscal years. There was no significant reduction in insurance coverage.

St. Clair County

Intergovernmental Grants Department

Notes to the Financial Statements

Note 11: Contingencies

Currently, St. Clair County IGD has several pending lawsuits relating to discrimination, retaliation and improper wages. Judgments have not been reached on any of the lawsuits and St. Clair County IGD continues to vigorously defend its position. Accordingly, adjustments, if any, which might result from the resolution of this matter, have not been reflected in the financial statements.

Note 12: Impact of New Accounting Pronouncements

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* addresses the accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. The provisions in Statement 75 are effective for fiscal years beginning after June 15, 2017. St. Clair County IGD has not determined the effect of this Statement.

Note to Schedule of Expenditures of Federal Awards

Note 1 - Basis of Presentation

The accompany schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of St. Clair County Intergovernmental Grants Department under programs of federal government for the year ended December 31, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operation of St. Clair County Intergovernmental Grants Department, it is not intended to and does not present the financial position, changes in net position or cash flows of St. Clair County Intergovernmental Grants Department.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3 - 10% De Minimis

St. Clair County Intergovernmental Grants Department has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4 - Outstanding Loans

This schedule also includes the outstanding loan balances at December 31, 2016 for the Community Development Block Grant of \$61,626 and Home Investment Partnership Program of \$8,107.

Note 5 - Program Operation Agreement

St. Clair County Intergovernmental Grants Department has a Program Operation Agreement with the St. Clair Community Action Agency, that gives St. Clair County Intergovernmental Grants Department all authority for the operation of all CAA programs. Programs included in this agreement are Low-Income Home Energy Assistance, Community Services Block Grant, Weatherization and Emergency Food and Shelter Programs. Funds expended on behalf of the St. Clair Community Action Agency included in this schedule are \$3,659,954.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters

St. Clair County Board
St. Clair County Intergovernmental Grants Department
Belleville, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of St. Clair County Intergovernmental Grants Department (a department of county government) as of and for the year ended December 31, 2016, and the related notes to the financial statements, and have issued our report thereon dated August 14, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered St. Clair County Intergovernmental Grants Department's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of St. Clair County Intergovernmental Grants Department's internal control. Accordingly, we do not express an opinion on the effectiveness of St. Clair County Intergovernmental Grants Department's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether St. Clair County Intergovernmental Grants Department's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of St. Clair County Intergovernmental Grants Department's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the St. Clair County Intergovernmental Grants Department's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance For Each Major Federal Program and on Internal Control Over Compliance

St. Clair County Board
St. Clair County Intergovernmental Grants Department
Belleville, Illinois

Report on Compliance for Each Major Federal Program

We have audited St. Clair County Intergovernmental Grants Department's (a department of county government) compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2016. St. Clair County Intergovernmental Grants Department's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility for Compliance

Management is responsible for compliance with statutes, regulations, and the terms and conditions of its grant awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of St. Clair County Intergovernmental Grants Department's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about St. Clair County Intergovernmental Grants Department's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on St. Clair County Intergovernmental Grants Department's compliance.

Opinion

In our opinion, St. Clair County Intergovernmental Grants Department complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2016.

Report on Internal Control Over Compliance

Management of St. Clair County Intergovernmental Grants Department is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered St. Clair County Intergovernmental Grants Department's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of St. Clair County Intergovernmental Grants Department's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
