Introduction

In 2003, St. Clair County (County), Illinois and its communities created a Co-Permittee Group to join forces in complying with the National Pollutant Discharge Elimination System (NPDES) for Municipal Separate Storm Sewer Systems (MS4) Phase II requirements. As stated in the original 2003 Notice of Intent (NOI), the County and the Co-Permittee communities were to pool resources and work together to comply with the commitments made within the NOI for the benefit of all within the County.

The Co-Permittee Group was active during this reporting period. Significant progress was made sharing Best Management Practices (BMPs) for document retention, operation procedures, and maintenance activities.

Best Management Practice (BMP) Summary of 2020-2021 Activities

In 2003, each member of the Co-Permittee Group submitted a NOI in compliance with the first 5-year cycle. In 2008, a NOI was submitted in compliance with the next 5-year cycle, as written in the first MS4 permit. The 2009 NOI was submitted in compliance with additional requirements in the second MS4 permit. In 2013, a new NOI was submitted for the next 5-year cycle and was in place starting in March 2014. As stated in the 2003, 2008, 2009, and 2013 NOIs, each Co-Permittee Member identified certain activities to comply with the Phase II requirements. Below is an abbreviated summary of the BMPs that were written in the NOI for each of the minimum control measures.

March 2021-February 2022:

- 1) **A.1-** Stormwater brochures for businesses, homeowners, children, and green infrastructures were to be promoted and displayed by each community in a public place.
- 2) **A.4-** St. Clair County sponsored a booth at the County Fair and/or Earth Day and distributed the storm water and green infrastructure brochures.
- 3) **A.5-** St. Clair County posted newsletters on the County Health Department website during school months. Co-Permittee Members distributed educational materials to schools in their communities. The amount of material distributed was to be tracked by the communities.
- 4) **B.3-** The Co-Permittee Group met three (3) times to review upcoming permit requirements, notice of intent, review stormwater management program, operations training, and to develop and submit the Annual Report.
- 5) **B.5-** Co-Permittee Members solicited and encouraged public assistance in monitoring the community's stormwater system. Public inquiries and complaints were responded to and recorded.
- 6) **B.6-** St. Clair County continued to promote programs related to stormwater activities and recycling programs. The community tracked its participation.

- 7) **C.1-** Co-Permittee Members updated any new or revised storm sewers and performed stream observations at bridge inspections.
- 8) **C.5-** A survey of previously installed stencils was to be performed as well as replacing or placing any that needed inlet stencils.
- 9) **C.6-** Communication brochures were distributed to the community. Co-Permittee Members discussed any known illicit discharge ordinance compliance issues in the communities.
- 10) **C.9-** Co-Permittee Members developed brochures addressing specific stormwater ordinance prohibited activities and distributed with educational brochures.
- 11) **D.1, E.2, E.4-** Community stormwater ordinances were to be updated, if needed, and require a SWPPP on site plans disturbing more than one acre.
- 12) **D.2, F.1-** The Co-Permittee held an Operations Training class. Topics included a review of the history of drainage systems, the Clean Water Act and NPDES permits, and the impacts of storm water.
- 13) **D.5-** St. Clair County continued to maintain a stormwater hotline number to address public concerns related to storm water issues. County tracked and reported the number of calls.
- 14) **F.6-** Communities reviewed operating procedures and BMPs and modified if necessary.

The following pages highlight changes made to the BMPs from the NOI, BMP status, and activities planned for the next reporting year. Additional information is also provided from the County and each Community.

It is to be noted that some BMPs will continue on to the next NOI, but some will be stopped, and others added to fulfill the requirements of the permit. The 2021-2026 NOI can be found on the IEPA website.

ADDITIONAL INFORMATION

<u>BMP A.5</u>	<u>Classroom Educational Materials</u> The County has taken steps to educate school children on the severity of stormwater pollution. The St. Clair County Health Department issues a newsletter each month and it is posted on the St. Clair County Health Department's website. The newsletter consists of articles for students with a wide range of pollution topics, including stormwater. The newsletter also lists upcoming recycling events and schools that have won past recycling contests.
<u>BMP B.6</u>	<u>Community Events - Recycling Programs</u> Throughout the year, St. Clair County sponsored community events that potentially could positively impact stormwater quality. These activities include an ongoing "Clean Sweep" program that collected 30,000 tons of waste. The county website includes a list of recycling sites for over 29 different materials. The County sponsors recycling of tires, paint, batteries, fluorescent bulbs, plastic, hazardous waste, and medicine. Nine tandem loads of tires were collected for recycling, sponsored by the IEPA on September 21st and 22nd of 2021. Participation in other recycling programs were "Litter Clean Up" on September 11th, 2021. The County also sponsors large item pickup.
<u>BMP B.7</u>	<u>Other Public Involvement</u> St. Clair County solicited public input regarding the adequacy of the MS4 program during the public input meeting on January 31, 2021. No feedback regarding the MS4 program was received. The public is encouraged to assist in monitoring the community's stormwater system by reporting illegal dumping and discharge or stormwater issues either directly to their municipality or through the County. The St. Clair County stormwater hotline number is posted on the website and is provided in educational brochures. St. Clair County is actively involved in groups and organizations that are connected with MS4.
<u>BMP C.5</u>	<u>Illicit Source Removal Procedures</u> The St. Clair County Highway Department sponsors an Adopt-a-Highway Program throughout the County. By sponsoring this program, St. Clair County is eliminating a significant source of stormwater pollution by keeping trash out of streams and keeping road ditches clear of debris for storm events.

Additional Community Activities

(Make additional copies of form, if necessary)

List any additional community-sponsored activities performed between March 1, 2021 and February 28, 2022 not listed in the *Notice of Intent* (NOI) submittal, but which address one of the six minimum control measures:

The Township has a municipality Website and posts annual reports, the NOI, educational brochures, and the Storm Water Hotline number.

The Township has listed the days (308 hours) sweeping area roadways on attached documentation.

General recycling takes place through Allied Waste for the Township, removing an average of 103 bags of shredded paper per week and 1-3 recycling tubs of plastic, cardboard, aluminum cans, steel cans and glass.

One catch basin was cleaned this Program year.

One 4-cubic-yard dumpster was used by the Township for trash picked up out of road ditches and waterways. The dumpster was emptied three times per week.

The Township participated in a Christmas Tree Recycling program from 12/26/21 - 1/07/22 sponsored by the US Corp of Engineers and collected 20 trees.

The Township promoted a Scrap Metal and Electronics Recycling program sponsored by Power Recycling Company and completely filled a box truck plus a trailer each time.

Ditch maintenance was performed along .75 mile of the following streets: Llewellyn Rd., Meadow Drive, and South 11th Street. BMPs included riprap.

Quarterly Visual Assessments were performed at: Loop Creek @ Shady Lane and Loop Creek @ Dahalia Lane

1st Quarter Date: 6/21/2021

2nd Quarter Date: 7/30/2021

3rd Quarter Date: 12/16/2021

Subject: Phase II Storm Water Permit Implementation
2021-2022 Co-Permittee Scope of Work

Dear Mr. Etling:

Complying with the intent of the established Storm Water Co-Permittee Group (Group), RJN Group, Inc. (RJN) is pleased to provide you with this proposal for consulting services for the Phase II storm water implementation for Permit Year 2021-2022. We are once again looking forward to continuing assistance with St. Clair County and the Group for the Phase II storm water initiatives. Much of this year's focus will be on continuing to meet the new requirements introduced in the National Pollutant Discharge Elimination System (NPDES) permit effective March 2016. A new updated permit is expected to be released during 2021. We have available an experienced project team to support the Group's needs in a manner as was accomplished in the previous phases of this project. Our team has the experience to prioritize project activities and guide the Group through the Phase II National Pollutant Discharge Elimination System permit implementation process.

BASIC SCOPE OF SERVICES

The scope of services is meant to provide necessary Phase II storm water plan implementation assistance over the next year (March 2021 through February 2022), which will coincide with Year 1 of the new five-year permit period. A new five-year NOI will be submitted this year.

Phase II Storm Water Activities

Phase II Storm Water Task 1 – Develop and Present Three Co-Permittee Meetings

One of the most important aspects of the Phase II plan implementation is the coordination of the Group. To accomplish this, periodic meetings with the Group will be required. RJN will develop the meeting agenda and content and prepare handouts, surveys, and PowerPoint presentations as necessary. RJN will present meeting topics and facilitate discussions during the meeting. Meeting reminders will be emailed to each Co-Permittee community.

The approximate schedule for the three meetings and general topics to be covered are summarized below:

Meeting 1	February 2021	Annual Report Preparation & New NOI for 2021-2022
Meeting 2	April 2021	Finalizing Annual Reports and Speaker

Meeting 3

October 2021

Operations Training/Best Management Practices
(BMPs) Training

Phase II Storm Water Task 2 – Minimum Control Measures (MCM) #6 – Government Operations Training Program

RJN will assemble the program content for the Government Operations Training Program. The purpose of this task is to develop a one- to three-hour training course that will concentrate on BMPs that should be used as normal municipal operations so that storm water runoff is not impacted. Specific operations to be covered in the training will include road maintenance activities, snow removal activities, road salting activities, fleet maintenance, chemical/petroleum storage and handling, and waste handling and disposal. RJN will conduct the Government Operations Training Program and present content to address sediment control and green infrastructure in accordance with the NOI.

Phase II Storm Water Task 3 – Develop Annual Reports

RJN will develop the annual reports that are required to be submitted to the Illinois Environmental Protection Agency (IEPA) for the Co-Permittee communities. The annual reports will be standardized where applicable, and the communities will provide the unique details to tailor each community's annual report. A draft will be submitted to each community for review and comment. The report will be finalized based on minor comment changes by the community. The final report will be submitted to each community for signature and submittal to the IEPA. Additionally, NOIs will be updated and submitted to the IEPA during the 2021-2022 permit year if the person responsible for MS4 compliance in the community has changed.

ESTIMATED FEE

RJN is prepared to perform the above-stated scope of services based on a lump-sum payment of \$1,800.00 per municipality for the minimum-required scope of services. Payment is required prior to RJN providing assistance with the annual reporting requirements, March 1, 2021.

RJN looks forward to the opportunity to continue the mutually beneficial relationship and to assist the Group. If you agree with the scope and terms of this proposal, please sign and date as indicated at the bottom of this page and return to RJN. Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script that reads 'Mita Garasia'.

2021 ANNUAL REPORT

St. Clair County Clean Sweep

2021 was another big year for Clean Sweep with forty-nine scheduled cleanups, accumulating approximately 30,000 tons of waste.

During this year of COVID 19, we have been in the areas of O'Fallon, Swansea, Belleville, East St. Louis, Centreville, Cahokia, Alorton, Signal Hill, and Caseyville. Other areas have been cancelled due to COVID 19.

We assisted IEPA in collecting and hauling approximately 300 tons of tires for disposal. We continue to pick up trash at Silver Creek Preserve in Mascoutah and St. Ellen Park in O'Fallon.

We move dumpsters for special group cleanups on a weekly basis.

We continue to assist Code Enforcement and the Health Department in clearing and hauling away debris from neighborhood blighted sites throughout the County Townships.

We have scheduled cleanups in St. Clair Township beginning in January 2022.

Our crew still consists of three men with hopes to add another man for our next year.

Being proactive with citizens of St. Clair County, I can see that we are deeply appreciated.

St. Clair County Clean Sweep

Pontiac-William Holiday School District 105 Music Director Michelle White, left, did not let the hot, sunny weather of late summer keep her from performing her duties as she wore a special piece of protective head gear outdoors at Pontiac Junior High School on a recent school day while working with students.

Jimmy Aderole, left, and Henry Chen, shown here on North Illinois Street, were two of the 13 people who volunteered a couple hours of their Saturday morning on September 11 to participate in the community clean-up program called "Trekking for Trash" that occurs once a month. On that day, the trekkers collected 20 bags full of litter and debris from local roadsides. Watch upcoming issues of The Tribune for further information concerning the next time this will occur.

The Caseyville Public Library hosted a "star party" on Friday evening, September 10, in the yard outside of its building, complete with lessons about astronomy, for those are interested in gazing at the nighttime skies.

Anyone age 12 and needing a coronavirus vaccine will have the opportunity to get it next Tuesday, Sept. 28, between noon and 4 p.m. at the Caseyville Village Hall, 909 South Main St.

This clinic is for those seeking a first Pfizer BioNTech vaccination needing a second one. The vaccine clinic is being offered by the Illinois Department of Public Health in partnership with the Village of Caseyville as part of outreach efforts to get more people protected from COVID-19.

Those interested in signing up for an appointment can go to <http://idph-mychart.pchos.com/IDPH/signupschedule/embeddedschedule?vt=24629&pt=9001410010955>.

According to information released by the St. Clair County Health Department, there were 68 new positive test cases in the county from September 14 to the following day and four deaths reported during that time period, bringing the total to 528 since March 2020.

From September

Trinity Catholic Church and the items they received were as follows:

- Wine bottle and glasses - Paula Roburg, candle with mosaic lamp shade - Jim
- George Mitchell, tall wreath
- Bob Bilzing, pumpkin
- Antings and décor - Kim Wallace and two porcelain dolls - Norah Dunlap.

Bob Friederich was one of 18 volunteers who were out in Fairview Heights on Saturday morning, Nov. 13, collecting litter and small bits of debris as part of the local "Trekking for Trash" program which will be occurring again on Saturday, Dec. 18.

ing of Belleville, and engineers, Thouvernot, Wade and Moerchen of Swansea, Simmons called attention to the fact that the effort was completed "under budget."

Those transit district board members in attendance who were recognized by Simmons included George Markezich, a resident of Caseyville Township, former St. Clair County Board Chairman and retired Chief Circuit Judge John Baricevic, former Swansea Mayor Mike Buehlhorn and Lonnie Mosley, vice-chairman of the St. Clair County Board. Also present were Caseyville Township Trustee Randy Gibbs and Town Clerk Justin Gough who arrived, appropriately so, on his bicycle.

Simmons further recognized the transit district director, St. Clair County Board member Ken Sharkey of Fairview Heights, who was unable to be present for the dedication.

There is a paved leg of the MetroBikeLink System that runs for 3.5 miles from the MetroLink station at St. Clair Avenue and Illi-

extending from there another 1.5 miles adjacent to the main route.

That Fairview Heights path carries us through a pastoral landscape of trees, flowers, wild creeks and historical significance connected to the time flourishing of many coal mines near what is to be a CSX Railroad line.

In the 19th century, there was a military company with the name Winslow that was a station along the St. Louis Southeastern Railway line, acquired by the Leavenworth and Nashville Railroad in 1879, where a path extends near Fairview Heights.

All of this has unfolded since 2002 with the first section of the bike trail opened and consisted of four miles of pathway connecting SWIC to the MetroLink station in Swansea.

Further information about the bicycle trail system and public transportation in this area can be found by going to www.scctd.org.

MEMORANDUM

TO: All Units of Local Government, Cities, Villages, Townships, Highway Commissioners and Public Works Directors

FROM: Michael Gates, Environmental Protection Coordinator

DATE: September 8, 2021

RE: **LOCAL GOVERNMENT ONLY Used Tire Collection 2021**

The Illinois Environmental Protection Agency is pleased to sponsor a used tire collection for St. Clair County. This tire collection is limited to **Governmental Entities ONLY** and is **NOT open to the general public**. No used tires from ULG fleets or from private entities are allowed. Please **DO NOT** advertise or promote this collection to the public.

The collection will be held on **Tuesday, September 21, 2021 and Wednesday, September 22, 2021 from 8:00a.m. - 3:00p.m.** both days.

The Illinois Department of Transportation is graciously allowing the use of their property at **8313 Shiloh Valley Township Line Road, Lebanon, Illinois.**

Tires on rims, large truck, and tractor tires **MUST** be kept separate to facilitate unloading in a different area at the collection site.

Please take the necessary steps to ensure waste materials, such as bricks, lumber, and garbage are removed from each load **PRIOR** to delivery.

If you have any specific questions, please contact me or:
