ROAD REPAIR WORK

Dear Property Owner:

We are writing to let you know that Ameren Illinois plans to perform road repair work on St. Clair County jurisdiction roadways from the 345kV Southern Illinois Reliability Project (SIRP) Prairie State to Gateway electric transmission line project, which is located near your property in St. Clair County, Illinois. Our road repair work will consist of patching and reshaping oil and chip roadways in various locations, and crack sealing. This work will also be followed by an oil and chip treatment performed by St. Clair County Highway Department.

We plan to begin work during the week of September 1, 2025. However, in the days leading up to the start date, you may notice contractor crews preparing the site and material/equipment being delivered to the area. We expect to finish this repair work October 10, 2025, weather permitting.

We assure you that Ameren Illinois and its contractors will make every effort to minimize the impact to property owners while performing this work.

Please keep this letter for your records and share this information with any tenants that may also utilize the property. If you have any questions, please contact:

Brad Allsup, Ameren
Phone: 618.929.2071
Email: BAllsup@ameren.com

David Holloway, Volkert, Inc.
Phone: 618.799.9047
Email: David.Holloway@volkert.com

Thank you for your patience while work is underway.

Sincerely,

Joe D. Robertson
