AN ORDINANCE AMENDING THE REVISED CODE OF ST. CLAIR COUNTY, ILLINOIS, DENYING A REZONING FOR PROPERTY, OWNED BY BRUCE MOORE AND MARK MOORE, AND APPLIED FOR BY BRUCE MOORE, ON PROPERTY KNOWN AS XXXX OLD STATE RTE. 158, BELLEVILLE, ILLINOIS, IN SHILOH VALLEY TOWNSHIP. (SUBJECT CASE #2022-03-ZA)

WHEREAS, a public hearing was held in the County Board Room, 5th Floor, St. Clair County Building, #10 Public Square, Belleville, Illinois, on July 12, 2022 at 6:30 P.M., before the Zoning Board of Appeals and notice of said hearing was duly given; and,

WHEREAS, a petition was presented requesting the granting of a Zoning Amendment to change the zone district classification of a certain tract of land from "A" Agricultural Industry Zone District to "HB" Highway Business Zone District, on the hereinafter described property: Pt of the E 1/2 of the SW 1/4 of Section 22, T. 1 N., R. 7 W., of the 3rd P.M., St. Clair County, Illinois containing 9.98-acres more or less, which is known as XXXX Old State Rte. 158, Belleville, Illinois, in Shiloh Valley Township; and,

WHEREAS, on July 12, 2022 the Zoning Board of Appeals after considering evidence and testimony presented at this hearing; after considering all relevant sections of the St. Clair County Zoning Code; and after further

consideration of this matter; denied the applicants Zoning Amendment (2022-03-ZA) based upon the following findings:

- (1) The current use of the property in question is as farmland—agricultural purposes. Its current use is in harmony with current zoning and adjacent uses.
- (2) The existing uses and zoning of other parcels in the vicinity are agricultural uses and the zoning is “A” Agricultural Industry Zone District.
- (3) The subject property is suitable for the existing zoning classification, is being used for agricultural purposes and has similar agricultural uses in all directions.
- (4) The subject property is not suitable for the proposed use of a mini-storage facility or other uses in an “HB” zoning district. All nearby and adjacent uses are of an agricultural nature found in an “A” zoning district.
- (5) There is no trend of commercial or business development in the vicinity of the property in question.
- (6) A rezoning to “HB” Highway Business would not be in compliance or in harmony with the County’s Comprehensive Plan, which calls for an agricultural zoning classification. Also, a rezoning would be spot zoning.
- (7) The LESA rating for the property in question is 220, which is high for agricultural retention, and does not support a zoning change.

WHEREAS, the County Board of St. Clair County, Illinois, concur in the aforesaid findings and recommendations of the Zoning Board of Appeals;

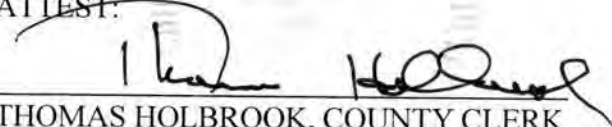

NOW, THEREFORE BE IT ORDAINED, by the County Board of St. Clair County, Illinois, that the request for a Zoning Amendment be denied.

ADOPTED BY ORDINANCE, this 29th day of August, 2022.

Application By: Bruce Moore, 4401 Hwy. 162, Granite City, IL

Case #: 2022-03-ZA

Owner: Bruce Moore & Mark Moore, 4401 Hwy. 162, Granite City, IL.

Application Filed: 05/27/2022

Publication Date: 06/16/2022

Hearing Date & Time: 07/12/22
@ 6:30 p.m.

Request: A request for a Zoning Amendment to change the zoning district classification of certain tract of land from "A" Agricultural Industry Zone District to "HB" Highway Business Zone District on property commonly known as XXXX Old State Rte. 158, Belleville, Shiloh Valley Township, Illinois (PPN: 09-22.0-300-010).

Zoning Board of Appeals Members Present: S. Penny, G. Meister, K. Heberer, S. Lindauer, & S. Howell

County Board Members Present at Hearing: Jana Moll

Other Comments: *[list general comments from the public for or against the proposal or any other relevant matter]*

Applicant, Bruce Moore presented the case. He advised that he desires to change the zoning on the parcel in question because he wants to erect a mini-storage facility on the property. The parcel in question is 10 acres in size. He plans to develop the facility in three (3) phases. Further, he stated that he would make the facility look nice and he would get an engineer involved to address any flooding issues.

The LESA rating for the parcel in question is 220, which is high and in support of agricultural retention. The parcel is currently being used for agricultural purposes—row crops.

There were several members of the public in attendance. Jody Renner, a resident of the area, opposes the application, and had collected 33 signatures of area property owners/residents that oppose the request. She stated prime farm ground needs to be protected, and there are major flooding issues in this area, and the construction of such a facility could increase flooding. Farm fields in the area have been tiled and adequate drainage is needed. Also, increase traffic is a concern. Tom Renner also provided testimony in opposition to the application, specifically, flooding issues.

County Board Member Jana Moll is concerned with conserving prime farm ground and flooding issues. She does not support the application.

Witnesses having been sworn, testimony and evidence presented, and the Zoning Board of Appeals being fully advised in the premises, and the Board having considered the following in conjunction therewith, and found:

- (1) The current use of the property in question is as farmland—agricultural purposes. Its current use is in harmony with current zoning and adjacent uses.
- (2) The existing uses and zoning of other parcels in the vicinity are agricultural uses and the zoning is "A" Agricultural Industry Zone District.
- (3) The subject property is suitable for the existing zoning classification, is being used for agricultural purposes and has similar agricultural uses in all directions.

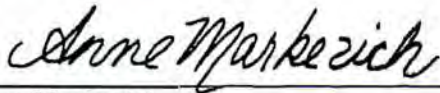

9-a-2

- (4) The subject property is not suitable for the proposed use of a mini-storage facility or other uses in an "HB" zoning district. All nearby and adjacent uses are of an agricultural nature found in an "A" zoning district.
- (5) There is no trend of commercial or business development in the vicinity of the property in question.
- (6) A rezoning to "HB" Highway Business would not be in compliance or in harmony with the County's Comprehensive Plan, which calls for an agricultural zoning classification. Also, a rezoning would be spot zoning.
- (7) The LESA rating for the property in question is 220, which is high for agricultural retention, and does not support a zoning change.

Based upon the above testimony and facts, the Zoning Board of Appeals recommends DENIAL of this request.

A motion was made by K. Heberer to *DENY* the request; the motion was seconded by S. Lindauer. The members of the Board voted as follows: S. Penny-Yes, G. Meister-Yes, S. Howell-Yes, K. Heberer-Yes, and S. Lindauer-Yes. The motion carried 5 to 0.

IT IS THEREFORE THE RECOMMENDATION OF THE ST. CLAIR COUNTY ZONING BOARD OF APPEALS THAT THE REQUESTED REZONING BE *DENIED*, FOR THE AFOREMENTIONED REASONS BY A MAJORITY OF ALL MEMBERS PRESENT.

RESOLUTION NO. 2730-22-RZ

A RESOLUTION GRANTING A REQUEST FOR A SPECIAL USE PERMIT BY SHRI OM ENTERPRISES INCORPORATED, OWNER AND MEERA 08 LLC, APPLICANT, FOR PROPERTY LOCATED AT 1424 CENTREVILLE AVE BELLEVILLE, ILLINOIS, IN ST.CLAIR TOWNSHIP. (CASE #2022-09-SP)

WHEREAS, a public hearing was held in the County Board Room, 5th Floor, St. Clair County Building, #10 Public Square, Belleville, Illinois, on June 7, 2022 at 6:30 P.M., before the Zoning Board and notice of said hearing was duly given; and,

WHEREAS, on June 7, 2022, the Zoning Board of Appeals after hearing the testimony and evidence presented; after considering all relevant sections of the St. Clair County Zoning Code, and after further consideration of the matter, granted the applicant's a Special Use Permit to allow the sale of liquor and/or alcoholic beverages by the drink in a "B-1" Retail and Service Business District due to the following:

- (1) That allowing liquor and/or alcohol to be sold and served by the drink in conjunction with the placement of a video gaming parlor into an existing structure/strip center, which has existing space, will not negatively affect the public's health, safety, and welfare.
- (2) While the County's Comprehensive Plan calls for residential, the subject parcel has historically been used for commercial/business type uses, as well as the adjacent properties. Thus, the proposed use, current use, and current zoning (B-1) will not negatively impact the County's Comprehensive Plan.
- (3) The proposed Special Use will not adversely affect the value of the neighboring property as property in the general vicinity of this parcel is used for commercial/business purposes, such as motel and towing facility. Thus, it is not anticipated that by allowing liquor and/or alcohol to be sold by the drink in conjunction with the placement of a video gaming parlor in this existing convenience store, as per the site plan, will have a negative effect on the County's overall tax base.
- (4) There will be no appreciable effect on public utilities or traffic circulation.

- (5) There are no facilities such as schools or hospitals in close proximity to the proposed Special Use that require special consideration.
- (6) The Special Use is compatible to adjacent uses and uses in the general vicinity.
- (7) The special use permit is to this Applicant only, so long as the Applicant operates the facility as a video gaming parlor (not a tavern) and such facility shall be physically separated internally (having separate external entrance and no common internal access point) from the existing convenience store/gas station.

WHEREAS, the County Board of St. Clair, Illinois, concur with the aforesaid findings, conditions and recommendations of the Zoning Board of Appeals;

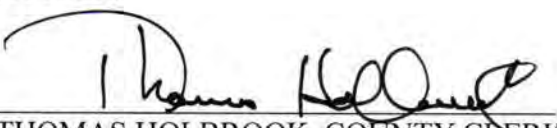

NOW, THEREFORE BE IT RESOLVED, by the County Board of St. Clair County, Illinois, that the request for a **SPECIAL USE PERMIT** be granted.

St. Clair County Zoning Board of Appeals' ADVISORY REPORT TO THE ST. CLAIR COUNTY BOARD

ADVISORY REPORT

Application By: Meera 08, LLC, 1424 Centreville Ave., Belleville, IL
Owner: Shri Om Enterprises, Inc., 1424 Centreville Ave., Belleville, IL

Case #: 2022-09-SP

Application Filed: 04/13/2022

Publication Date: 05/12/2022

Hearing Date & Time: 06/07/2022 &
08/02/2022

Request: A Special Use Permit to allow the sale of liquor and/or alcoholic beverages by the drink in a "B-1" Retail & Service Business Zone District, upon property commonly known as 1424 Centreville Ave., Belleville, Illinois, in St. Clair Township, Illinois (PPN: 08-29.0-406-038).

Zoning Board of Appeals Members Present: S. Penny, G. Meister, A. Edwards, M. Deitz, K. Heberer, S. Howell & S. Lindauer

County Board Members Present at Hearing: CJ Baricevic

Testimony: 06/07/2022: Applicant's attorney Brian Flynn presented the application. Mr. Flynn stated that the Applicant desires to remodel the existing convenience store to provide for a separate space (approx. 450 sq. ft.) to devote to a video gaming area/parlor that would be allowed to sell alcohol and/or liquor by the drink in accord with State law. This area will be separate from the convenience store, and not accessible to anyone inside the convenience store. Access to this area would have to be gained from a separate entrance on the outside of the structure, in which entrance would be restricted to persons 21 years and older (card reader at door). The facility would be open 7 days a week from 6:00 a.m. to midnight or as liquor license will allow. There will be 2-3 employees covering shifts for 7-8 hours each. There will be 6-8 dedicated parking spaces to this separate facility. There will be a separate bathroom for this facility and the space will have an entrance, plus an additional exit in case of an emergency. Patrons will be limited to 3-4 drinks per person. The Applicant has been operating a convenience store on this property since 2009 without incident.

John Sims and Lisa Sims, testified in support to the application. They stated that since the owner has operated the convenience store the facility has changed for the best. The inside is clean and they have had no issue with the facility as they live nearby.

Mike Anderson, adjacent property owner, who operates a tow company just north of the facility, made complaints of trash and debris behind the store. He stated that some of the trash and debris comes over to his property and he wants the facility cleaned up. However, he is not against the proposed use.

The facility is served by public water and public sewers.

Discussion by several Zoning Board members was had regarding the trash and debris behind the property and at the sides of the store.

The matter was continued to allow the Applicant to clean up behind the rear of the building and the sides, addressing Mr. Anderson's concern. (Motion by A. Edwards to continue, seconded by S. Howell. All members present voted in favor of the motion.)

9-a-3

08/02/2022: The matter was reconvened before the Zoning Board, and some Zoning Board members having went out to view the site again found that the Applicant has made a good effort to clean up the rear and sides of the existing building. Applicant's attorney Brian Flynn indicated that the Applicant has cleaned up the various trash and debris that was located at the rear and sides of the building and revised the facility's site plan to include the additional door/emergency exit.

Adjacent property owner, Mike Anderson, agreed that the Applicant picked up trash and debris, but pushed some tree limbs or materials onto his property, which he believes may cause water to back up. Again, Mr. Anderson was not against the proposed use/application.

Mr. Flynn reviewed the issue of the easement that runs on the north side of the Applicant's property and how the Applicant is to maintain that easement.

Numerous persons from the area (Raymond Beller, James Etherton, Scott Bruns, Tom Parsons, and Vernell Knox) all testified in support of the Applicant.

County Board Member CJ Baricevic again testified in support of the application.

Witnesses having been sworn, testimony and evidence presented, and the Zoning Board of Appeals being fully advised in the premises, and the Board having considered the following in conjunction therewith, and found:

- (1) *Whether the proposed design, location, development and operation of the proposed Special Use will adequately protect the public health, safety, and welfare and the physical environment. The Board found as follows: That allowing liquor and/or alcohol to be sold and served by the drink in conjunction with the placement of a video gaming parlor into an existing structure/strip center, which has existing space, will not negatively affect the public's health, safety, and welfare.*
- (2) *Whether the proposed Special Use is consistent with the County's Comprehensive Plan. The Board found as follows: While the County's Comprehensive Plan calls for residential, the subject parcel has historically been used for commercial/business type uses, as well as the adjacent properties. Thus, the proposed use, current use, and current zoning (B-1) will not negatively impact the County's Comprehensive Plan.*
- (3) *The effect the proposed Special Use may have on the value of the neighboring property and on the County's overall tax base. The Board found as follows: The proposed Special Use will not adversely affect the value of the neighboring property as property in the general vicinity of this parcel is used for commercial/business purposes, such as motel and towing facility. Thus, it is not anticipated that by allowing liquor and/or alcohol to be sold by the drink in conjunction with the placement of a video gaming parlor in this existing convenience store, as per the site plan, will have a negative effect on the County's overall tax base.*
- (4) *The availability and the effect the proposed Special Use would have on the public utilities and on traffic circulation on nearby streets. The Board found as follows: There will be no appreciable effect on public utilities or traffic circulation.*
- (5) *Whether there are any facilities near the proposed Special Use (such as schools or hospitals) that require special consideration. The Board found as follows: There are no facilities such as schools or hospitals in close proximity to the proposed Special Use that require special consideration.*
- (6) *Whether the proposed Special Use is compatible to adjacent uses and uses in the general vicinity. The Board found as follows: The Special Use is compatible to adjacent uses and uses in the general vicinity.*
- (7) *The time period for which the Special Use Permit should be granted or any special requirements for certification of continued compliance with the terms of approval. The Board found as follows: The special use permit is to this Applicant only, so long as the Applicant operates the facility as a video gaming parlor (not a tavern) and such facility shall be physically separated internally (having separate external entrance and no common internal access point) from the existing convenience store/gas station.*

Testimony:

Applicant was represented by attorney Phillip Speicher. Attorney Speicher explained that the applicant desires to construction two additional buildings/structures onto currently existing structures located on the property. The Applicant desires to construct a steel building approximately 115 ft. x 43 ft. in size for a truck garage. The second addition is a 26 ft. x 40 ft. steel building/structure that will serve as boiler building for the installation of a second boiler unit. The second boiler unit is needed in order to maintain optimal operation of the recycling plant facility. This building/structure will be an addition to those buildings towards the rear of the property in question.

The additions will have no impact on public utilities. The property in question has a LESA score of 176, which is low for agricultural retention; moreover, the property has not been used for row crop agricultural purposes in decades (if ever).

St. Clair County Zoning Board of Appeals' ADVISORY REPORT TO THE ST. CLAIR COUNTY BOARD

ADVISORY REPORT

Application By: Noontown Golf, LLC, 5035 Kraft Road, Freeburg, IL
Owner: William & Julie Neuner, 5035 Kraft Road, Freeburg, IL

Case #: 2022-12-SP

Application Filed: 06/22/2022

Publication Date: 07/15/2022 **Hearing Date & Time:** 08/02/22 @ 6:15 pm

Request: A Special Use Permit for a Planned Building Development pursuant to Section 40-9-3(H)(3) to allow an indoor golf facility serving liquor by the drink in an Agricultural Industry Zone District, on property known as 5035 Kraft Road, Freeburg, Smithton Township, Illinois (PPN: 13-35.0-100-011).

Zoning Board of Appeals Members Present: S. Penny, A. Edwards, K. Heberer, S. Howell, S. Lindauer, M. Deitz, & G. Meister

County Board Members Present at Hearing: None.

Testimony: William Neuner presented the application. He stated that he and his son are the members of Noontown Golf, LLC and desire to operate an indoor golf facility from a portion of the pole building (building is approx. 60 ft. x 100 ft. and the golf facility would be located in an area of 30 ft. x. 80 ft. ("Cage Room")) that is located adjacent to his residence (and upon the same parcel). He explained historically he was approved to operate an indoor baseball training facility for kids in 2003 (2003-72-SP). Thereafter the facility closed-up and he allowed a person to operate a workout facility out of the pole building without County/Zoning approval. The workout facility ceased operation sometime in 2020 and he started remodeling the building, without permits, and constructed a bar, a seating area, installed TVs, and installed an indoor golf screen. Based upon Mr. Neuner's testimony, as well the facility's website, the facility is currently operating but customers must bring their own alcohol to the facility. The Applicant is not only requesting after the fact approval of the existing and operating business but desires to be able to sell alcohol from the facility and to the public for consumption on premises much like a bar. Mr. Neuner further stated that he would consider installing video gaming if granted the special use permit to sell liquor by the drink.

Mr. Neuner further stated that they would like to have events at the facility for up to 80 people. The facility has only one restroom, but the Applicant brings in porta-restrooms for large events. He stated that roughly there exists 22 rocked parking spaces but overflow parking could park in his grass field. Hours of operation would be Monday thru Thursday 4-9 p.m., Friday 4-10:00 p.m., Saturday 8:00 a.m. – 10:00 p.m., and Sunday 8:00 a.m. – 9:00 p.m. The facility is serviced by public water and private septic.

The building was not built for commercial/business purposes and there have been no inspections or permits given for the remodeling. There is no firewall dividing the storage area of the building from the indoor golf facility.

Lester Weissert, adjoining property owner, testified in opposition of the application. He purchased his house in a quiet rural setting and is concerned that the proposed facility/tavern/event center will generate noise not associated with a rural setting that currently exists. Further, he is concerned with traffic and crowds the facility may generate, trash generated and discarded, public urination, effect on property values, and the overall disturbance of the currently existing quiet rural atmosphere in this area. Mr. Weissert's sons, Joe and Steve, also expressed their objections against the application.

William Weber, Smithton Township Supervisor, testified in opposition of the application. He too was also concerned with traffic as they have had previous issues with Mr. Neuner's guests parking along Kraft Road, which is narrow, causing issues

9-a-5

for two-way traffic to pass, especially, farm implements. Also, concerned with alcohol consumption at the proposed facility and its effects on this narrow and traveled road (Kraft Road).

Betty Espenscheid is also concerned about traffic issues and is against the proposal.

No other persons were present to testify for or against the application.

Discussion was had between the Zoning Board of Appeals, Zoning Staff Members and Mr. Neuner regarding his operating the facility without approval, his failure to obtain a permit for remodeling, and the fact the facility has had no inspections Mr. Neuner's failure to apply for the required permit(s). Also, the fact that Mr. Neuner built a bar inside the facility and requests the ability to sell/offer alcohol to the public for resale and consumption on premises, but then contends the facility is not a bar.

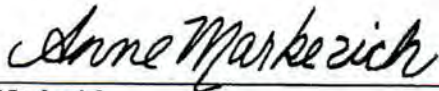

Witnesses having been sworn, testimony and evidence presented, and the Zoning Board of Appeals being fully advised in the premises, and the Board having considered the following in conjunction therewith, and found:

- (1) *Whether the proposed design, location, development and operation of the proposed Special Use will adequately protect the public health, safety, and welfare and the physical environment. The Board found as follows: The proposed Special Use for a commercial/business use inside a pole-barn structure located upon a parcel used for residential purposes, and in area comprised of rural residences, would negatively impact the public's health, safety, and welfare and the physical environment, given its proposed location.*
- (2) *Whether the proposed Special Use is consistent with the County's Comprehensive Plan. The Board found as follows: The proposed Special Use would negatively impact the County's Comprehensive Plan.*
- (3) *The effect the proposed Special Use may have on the value of the neighboring property and on the County's overall tax base. The Board found as follows: The proposed Special Use would have a negative impact on the value of neighboring property and the County's overall tax base, as the area of the proposed special use (commercial/business in nature) is located in a rural area, comprised of farm fields, and residences on large lots.*
- (4) *The availability and the effect the proposed Special Use would have on the public utilities and on traffic circulation on nearby streets. The Board found as follows: The facility does not have adequate public sewers to service the proposed use, and the width of Kraft Road, and other rural roads to access this facility, are narrow and would negatively impact traffic circulation.*
- (5) *Whether there are any facilities near the proposed Special Use (such as schools or hospitals) that require special consideration. The Board found as follows: There are no schools or hospitals in close proximity to the proposed Special Use that require special consideration.*

The Board found as follows: The proposed Special Use would negatively impact the compatibility of adjacent uses or uses in the general vicinity, as there are no existing type of commercial/business uses in the general vicinity, especially uses that sell alcohol/liquor for consumption on premises.*
- (7) *The time period for which the Special Use Permit should be granted or any special requirements for certification of continued compliance with the terms of approval. The Board found as follows: N/A*

[This space intentionally left blank.]

A motion was made by M. Deitz to *DENY* the request. The motion was seconded by G. Meister. The members of the Board voted as follows: S. Penny-Yes, A. Edwards-Yes, K. Heberer-No, S. Howell-Yes, S. Lindauer-Yes, M. Deitz-Yes, and G. Meister-Yes. The motion carried 6 to 1.

WHEREAS, on August 8, 2022, the Zoning Board of Appeals after hearing the testimony and evidence presented; after considering all relevant sections of the St. Clair County Zoning Code, and after further consideration of the matter, granted the applicant's a Special Use Permit for a Planned Building Development pursuant to Section 40-9-3(H)(3) to allow a Roofing Company in an "A" Agricultural Industry Zone District due to the following:

- (2) The proposed Special Use would not negatively impact the County's Comprehensive Plan.
- (3) The proposed Special Use would not have a negative impact on the value of neighboring property and the County's overall tax base. Application Filed: 06/14/2022

Publication Date: 07/07/2022 **Hearing Date & Time:** 08/02/2022 @ 6:00 pm

Request: A Special Use Permit for a Planned Building Development pursuant to Section 40-9-3(H)(3) to allow a roofing company in an Agricultural Industry Zone District, on property known as 6719 State Rte. 4, Mascoutah, Engelmann Township, Illinois (PPN: 15-08.0-100-010)

Zoning Board of Appeals Members Present: S. Penny, A. Edwards, S. Howell, S. Lindauer, M. Deitz, & G. Meister

County Board Members Present at Hearing: Kevin Dawson

Testimony: The Applicant's attorney, Dean Henke, presented the application. Mr. Henke explained the history of the site, described the existing buildings/structures, and described the proposed activities to be conducted on site if the application is approved. Also, present at the hearing were Matt and Sarah Brendel members of Brendel Real Estate LLC. Matt Brendel explained that he and his wife created Brendel Real Estate, LLC to hold/own the property in question, and after it is acquired, the Brendel's other company, Martin Roofing Co., Inc. would lease and occupy the building and use it as its corporate headquarters. Mr. Brendel explained that Martin Roof Co. has outgrown its current facility in Lebanon, Illinois, and desires to move to a facility where it can keep all roofing materials and equipment under roof. Mr. Brendel did state that they may keep some trailers parked outside behind the building and the refuse container will be outside but inside the fence.

The property/site in question contains existing office and storage buildings that was once used by Pioneer Seed, and thereafter by Clearwave Communications. The Applicant at this time does not envision constructing additional buildings. Most of Martin Roof Co.'s employees report to a specific work site vs. the corporate headquarters. The Applicant estimates that they will have five to ten office employees at this facility. They have adequate parking. Martin Roof Co.'s hours are 5:30 a.m. to 6:00 p.m., Monday thru Friday. The office is closed on Saturdays and Sundays, however, there may need to be employees coming and going on the weekends regarding emergency repairs or other immediate work. Mr. Brendel stated that he wants to store all roofing materials and supplies inside, along with equipment, such as trucks, but there may be some trailers that kept outside underneath the lean-to.

Also, discussed by the Zoning Board and with the Applicant, was that if the request is granted the Special Use Permit would be to Martin Roof Co., Inc. only, and not to Brendel Real Estate, LLC. Further, the Special Use would not run with the land. The Applicant agreed.

Neighboring property owner, Wayne Waller, was concerned with trash and debris blowing into his field and water runoff if extra buildings are constructed. It was pointed out by the Applicant that the refuse receptacle will be kept inside the fence, thus, minimizing any trash or debris leaving the site and the Applicant does not plan to construct additional structures at this time, but if it did, such matter would be back before the Zoning Board of Appeals.

C. David Tiedemann, owner of the property testified in support of the application and mentioned that the site already has installed a left-hand turn land from Route 4, thus, minimizing the effect on traffic congestion in the area.

County Board Member Kevin Dawson stated that he believes this existing facility would be a good fit for the Applicant's proposed use, it is the highest and best use of the property, and he is favor of the application.

There were no other persons present at the hearing to testify for or against the proposal.

Witnesses having been sworn, testimony and evidence presented, and the Zoning Board of Appeals being fully advised in the premises, and the Board having considered the following in conjunction therewith, and found:

Chairmen Kern, Prenzler, and Knobloch:

Transmitted herewith is the 2021-2022 Annual Report of the Southwestern Illinois Flood Prevention District Council. The submission of this report is in satisfaction of the requirement of our authorizing statute (70 ILCS 750/40).

Since its creation the Council has had two primary goals: accreditation by the Federal Emergency Management Agency (FEMA) of the Metro East Levee Systems and achieving the Authorized Level of Protection to the extent possible with the funds available.

In FY 2022, the East St. Louis/MESD Levee System, which was previously accepted as structurally sound, received a letter of continued accreditation. With letters of accreditation previously received for the Wood River Upper, Wood River Lower, the Wood River East/West Forks Levee Systems, and the Prairie Du Pont/Fish Lake Levee Systems, the total accreditation process for all of the Metro East Levee Systems has been successfully completed.

a regional partnership to rebuild Mississippi River flood protection

The Council achieved its interim goal of attaining FEMA flood protection standards and obtaining accreditation, using only the funds generated from the dedicated flood protection sales tax.

The Council now anticipates FEMA issuing new maps, reflecting the 100-Year Improvements, in 2023.

The Council continues to work with the Corps of Engineers regarding the Council's design and building of the 500-Year Authorized Level of Protection Projects, building the most cost effective and highest priority flood protection projects throughout the Counties of Madison, Monroe, and St. Clair, Illinois to restore the federally Authorized Level of flood protection in the Metro-East.

The Corps of Engineers will provide oversight on the design and construction of these projects, to ensure that funds expended by the Council, where applicable, will be eligible for Work In-Kind (WIK) Credit and Lands, Easements, Rights-of-Way, Relocation, Disposal Areas (LERRDs) Credit. These credits will be utilized to satisfy the non-federal partner thirty-five percent share requirement by the Corps of Engineers.

Amended Project Partnership Agreements for the Design Deficiency Corrections for East St. Louis, Illinois Flood Protection Project and the Wood River Levee System have been executed, allowing for the utilization of \$11,887,414.07 of Work In-Kind Credit in the East St. Louis and \$16,041,496 of Work In-Kind Credit in the Wood River System earned to date. Additional WIK Credit and LERRDs Credit has been submitted for both the East St. Louis and the Wood River Levee Systems.

The Council's FY 2023 budget focuses on the continued design of Authorized Level projects, and the start of construction on Authorized Level Bid Packages #9, #11 and #14B.

The May/June 2019 100-Year flood event (the second highest event on record at 46.02 ft., and the longest flood event on record at 126 days), tested the seventy-five million dollars of flood protection improvements the Council has built. However, all improvements performed as designed and the Metro East American Bottom Levees handled the event much better than ever before. Fortunately, there have been no major flood events the last three years. This follows three major flood events in the previous four years.

With the state passing the "Leveling the Playing Field Act", sales tax receipts continue to increase with FY 2021 receipts being seventeen percent higher than FY 2020 and FY 2022 receipts projected to be sixteen percent higher than FY 2021.

COVID, inflation rates, and sales tax revenues will determine the final construction schedule.

After all funds held by the Council (\$15,666,713) are expended, the three County FPD sales tax funds will be utilized for the 500-Year Authorized Level Projects. Requests to each County are now anticipated to occur in October 2023 and July 2024. There is currently \$46,989,936 in the County sales tax funds.

In summary, I am pleased to report on behalf of our Board of Directors, that we continue to make progress in building and financing significant improvements to the flood protection systems in the Metro-East.

Thank you for your continued support of our efforts throughout the year.

Sincerely,

Subject: Selection of Contractor for Construction Package #11– Underseepage Controls from 774+00 to 889+00

Date: August 15, 2022

The Southwestern Illinois Flood Prevention District Council (FPD Council) issued an advertisement for construction bids for Bid Package #11 on June 23, 2022 and bid documents were made available to bidders on July 6, 2022. Bid Package #11 is generally for construction of Metro East Sanitary District underseepage improvement to include relief wells, conveyance systems, sluice gates, modifications to the existing Madison County Pump Station, modifications to the GCED 1X Pump Station, new GCED 1X Force mains, new GCED 1X Outfall Structure, and porous concrete ditch repairs.

An advertisement for bid was published in the Belleville News Democrat the weeks of June 26 and July 3, 2022, July 10, 2022. An advertisement for bid was published in the Alton Telegraph and Edwardsville Intelligencer the weeks of June 24 and July 1, 2022, July 8, 2022. An advertisement for bid was published in the Republic Times the weeks of June 29 and July 6, 2022, July 13, 2022. An advertisement for bid was published in the East St. Louis Monitor the weeks of July 14 and July 21, 2022, July 28, 2022.

A pre-bid meeting was held on July 8, 2022 at the FPD council offices. The meeting and subsequent site visit was attended by 13 individuals, including staff.

On August 9, 2022, bids were received from three firms and read aloud. Results are as follows:

Keller Construction in the amount of:	\$11,665,066.40
Kamadulski Excavating and Grading in the amount of:	\$11,861,656.00
Tarlton Construction in the amount of:	\$17,204,392.00

The engineer's estimate was \$10,500,000 plus a 15% contingency totaling approximately \$12,000,000.

The apparent low bid was Keller Construction from Glen Carbon, Illinois.

Wood reviewed the following:

- Confirmed the prequalification status as stated on the bid form
- Confirmed the addendums were acknowledged
- Verified the math on the schedule of values
- Confirmed the bid form was signed and attested
- Reviewed the schedules provided
- Reviewed the bid bond
- Contacted and reviewed references
- Reviewed and discussed utilization of M/D/WBE subcontractors.

Wood further reviewed the specifications, bonding requirements, QA/QC material testing procedures and payment procedures to verify the FPD Council is protected during construction and quality construction is provided.

We reviewed the bids for primary difference between the three bidders. The prices for the bid items varied across all the bidders. The detailed bids are attached.

Based on our review, Wood concludes that Keller Construction is qualified to perform the work and has recommended that the FPD Council select this company to perform construction of Bid Package #11. Keller Construction was awarded and successfully completed four of the FPD Council's previous bid packages (Bid Packages 03, 05, 14A, and 18).

The next closest bidder was \$196,589.60 higher and, while individual line items vary between all the bidders, a comparison between the apparent low bidder and the next lowest bidder on the larger features of work such as relief well installation, modification, and abandonment; modifications to two pump stations; construction of new force mains; and construction of a new outfall structure indicated that multiple contractors planned to execute the project in a similar manner as evidenced by a bid difference of less than 2%.

Keller Construction has proposed to use Ray LaFore Truck Service, Inc. out of Belleville, for trucking, and Right Way Traffic Control, Inc. out of Freeburg, for fencing. Both contractors have MBE certification with both IDOT and IL-UCP. Keller Construction faxed or e-mailed 68 DBE-certified companies about providing bids on this project and had phone calls and follow-up e-mails with interested companies.

Table 1 – Proposed MBE Utilization				
Bidder	Total Bid	MBE Utilization	Percentage	Trade
Keller Construction	\$11,665,066.40	\$288,875.00	2.48 %	Trucking & Fencing
Kamadulski Excavating and Grading	\$11,861,656.00	\$15,000.00	0.13 %	Trucking
Tarlton Construction	\$17,204,392.00	\$11,808,613.00	68.64 %	Misc. Metals, Pipe Supply, Hauling, Trenchless Excavation, and Self-Performed Work

Recommendation:

Authorize the Chief Supervisor to execute an \$11,665,066.40 contract with Keller Construction to perform construction of Bid Package #11 with a total cost not to exceed \$12,831.573 (\$11,665,066.40 plus a 10% contingency).

**A RESOLUTION TO EXTEND THE SECOND INSTALLMENT OF TAXING YEAR
2021 REAL ESTATE PROPERTY TAXES FROM SEPTEMBER 1, 2022 TO OCTOBER
1, 2022 IN LIGHT OF THE ST. CLAIR COUNTY AND STATE OF ILLINOIS
DISASTER PROCLAMATIONS PERTAINING TO FLOODING
BETWEEN JULY 25TH AND JULY 27TH OF 2022.**

WHEREAS, on the 27th day of July 2022, the Chairman of this Board proclaimed a disaster in the County of St. Clair due to the flooding experienced by residents throughout St. Clair County, the more than 90 water rescues that were conducted, and the extensive property damage experienced by residents, healthcare facilities, and governmental entities; and

WHEREAS, on the 29th day of July 2022, Illinois Governor J.B. Pritzker proclaimed a disaster in St. Clair and Washington Counties, noting precipitation of over 10 inches, and the displacement of residents of East St. Louis; and

WHEREAS, significant hardship has been experienced by residents of East St. Louis, and residents throughout St. Clair County due to flooding and recovery efforts, part of which is the financial strain placed on residents and business owners who have incurred unforeseeable expenses due to a thousand-year flood.

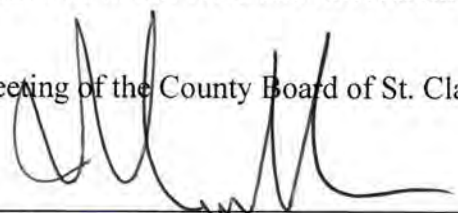

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY BOARD OF THE COUNTY OF ST. CLAIR, AS FOLLOWS:

- I. Recitals. The facts and statements contained in the preamble to this Resolution are found to be true and correct and are hereby adopted as part of this Resolution.
- II. Extension. The due date for the second installment of real estate property taxes for all parcels, in whole or as to portions which lie within St. Clair County, are hereby extended from September 1, 2022, to October 1, 2022. No interest shall accrue for the non-payment of real estate property taxes for the second installment during this period of extension, and accrual of interest for any non-payment of the second installment of property taxes following October 1, 2022, shall not backdate to include any day within the month of September, 2022.
- III. Severability. If any provision of this Resolution, or the application of any provision of this Resolution is held unconstitutional or otherwise invalid, such occurrence shall not affect other provision of this Resolution, or their application, that can be given effect without the unconstitutional or invalid provision, or application of such provision, is severable, unless otherwise provided by thing Resolution.
- IV. Effective Date. This Resolution shall be in full force and effect from and after its passage and approval.

Approved and Adopted at a regular meeting of the County Board of St. Clair County, Illinois, this 29th day of August 2022.

ATTEST:

Clerk of the Board

Chairman of the Board
