Memorandum of Understanding (MOU)

This Memorandum of Understanding (MOU) is effective for the 2022-2023 school year for the below listed entities:

Cahokia, Illinois School District 187 (CCUSD)
St. Clair County, Illinois Sheriff's Department (SCCSD)

This document will serve as the written agreement between Cahokia, Illinois School District 187 and the St. Clair County, Illinois Sheriff's Department. This agreement establishes the needed commitment and support from both institutions. This document also provides a series of guidelines and policies relevant to the performance of the School Resource Officer, and will be the guiding document Deputies, school administrations, city administration, and students and their caregivers look to for structure and accountability. This document shall be reviewed, updated, and endorsed annually and takes into account input from all community stakeholders, including caregivers, students, and teachers. Nothing in this MOU should be construed as limiting or impeding the basic spirit of cooperation, which exists between the participating entities listed above and all community stakeholders.

I. Purpose

This MOU establishes and delineates the mission of the School Resource Officer Program, herein referred to as the SRO Program, as a joint cooperative effort. Additionally, the MOU clarifies roles and expectations and formalizes relationships between the participating entities to foster an efficient and cohesive program that will build a positive relationship between Deputies, school staff, and the students, promote a safe and positive learning environment and decrease the number of youth formally referred to the juvenile justice system.

II. Mission

The mission of the SRO Program is to promote school safety by building a positive school climate in which everyone feels safe and students are supported to succeed. The SRO Program also seeks to reduce violent crime committed by and against youth in our community. The SRO Program accomplishes this mission by supporting safe, secure, and orderly learning environments for students, teachers and staff. SROs will establish a trusting channel of communication with students, parents, and teachers and establish regular feedback opportunities. The role of the SRO is not to enforce school discipline or punish students. SROs will serve as positive role models to instill in students good moral standards, good judgment and discretion, respect for other students, and a sincere concern for the school community. SROs will provide information on community resources available to students and parents. Goals and objectives are designed to develop and enhance rapport between youth, families, police officers, school administrators, and the community in order to promote overall student achievement and success.

III. Goals of the SRO Program

SRO program goals include:

1. To ensure a safe learning environment for all children and adults who enter the building.
2. To prevent and reduce potential harm related to incidents of school violence.
3. To foster a positive school climate based on respect for all children and adults in the school.
4. To create partnerships with behavioral health and other care providers in the community for student and family referral.

This SRO program is unique to the community, based on input from the school administration, teachers, faculty, students, families and community members. The program is designed to fulfill three overall roles:

1. Law Enforcement
2. Fostering Positive School Climate /Crime Prevention
3. Education

Law Enforcement Role – The SRO is responsible for the majority of law enforcement activities occurring at Wirth Middle School and Academic Character Development Center (ACDC) Penniman School during school hours but not general student discipline. A determination of whether an activity raises to the level of a law enforcement activity shall be made in consultation with a school administrator. Parents, students, teachers and other school personnel should bring complaints about student misbehavior to the school principal and/or designee, rather than the SRO.

While the enforcement is the role of SROs, alternatives to arrest should be used whenever possible, and arrest of students should be a measure of last resort. The SROs discretion to act remains the same as that of any other Deputy.

Fostering Positive School Climate /Crime Prevention – One of the primary roles SROs fulfill is fostering a positive school climate through relationship-building and crime prevention. Officers will engage in various activities, in consultation with school administration, teachers, and students, and should strive to build a school culture of open communication and trust between and among students and adults by focusing on officers getting to know students at the school, serving as a role model, and working with teachers and administrators to identify students who may be facing challenges and need additional resources or attention to be successful in school. Crime prevention activities include foot patrols, monitoring previous crime locations, speaking to teachers about reducing the opportunity for crimes to occur, analyzing possible crime patterns, investigating crimes, and patrolling the parking lots. Officers may also complete security surveys analyzing the physical safety of school property and facilities.

Education – SROs should participate in the school community by becoming a member of the educational team where appropriate, and by representing the law enforcement community to build positive relationships with youth, their families, and school staff.

Whether talking to students in the hallway or delivering a presentation in the classroom, SROs are embedded in the education fabric within the school. SROs are expected to be proactive in creating and taking advantage of educational situations, and school administrators are encouraged to leverage this resource.

IV. Organizational Structure

- A. **Composition.** The SRO Program will consist of a full time Sheriff's Department Deputy that is a certified Peace Officer for the State of Illinois and meet all requirements as set forth by CCUSD and SCCSD Rules and Regulations.
- B. **Officer Recruitment & Selection.** School officials and the Sheriff's Department shall agree on guidelines for the selection of officers to serve as the SRO. The ultimate selection process and appointment of the SRO is completed by SCCSD.

- C. **Training Requirements.** Prior to entering service as an SRO, the Deputy shall complete the Illinois Law Enforcement Training and Standards Board (ILETSB) School Resource training that covers responsibilities or and limitations of SROs, Illinois school laws, MOUs, child development, conflict resolution, developmentally informed de-escalation and crisis intervention techniques, working with youth in a school setting and integrating SROs into a positive school environment. In addition, it is recommended that SROs receive additional training each year on topics such as trending school-based law enforcement topics, child development, adolescent psychology, trauma, conflict resolution, mental health and addiction, children with disabilities, juvenile and education law and policy, and cultural competence.

V. **Operational Procedures**

A. **Duties/Chain of Command for SRO:** The SRO will, at all time, be an employee of SCCSD, and as such will be ultimately accountable to the SCCSD chain of command. However, while at the school, the SRO is expected to cooperate with the school officials, including administrators and faculty. The SRO will abide by school policy and respond to the requests of school officials. The SRO's activity in the school is guided by the procedures of Wirth Middle School and ACDC Penniman School in order to effectively support SROs efforts and monitor their progress. Basic responsibilities of the SRO will include but will not be limited to:

- 1) To enforce criminal law and protect the students, staff, and public at large against criminal activity.
- 2) Foster mutually respectful relationships with students and staff to support a positive school climate.
- 3) Provide information concerning questions about law enforcement topics to students and staff.
- 4) Provide classroom instruction on a variety of topics including, but not limited to, safety, public relations, occupational training, leadership, and life skills.
- 5) Coordinate investigative procedures between police and school administrators.
- 6) Handle initial police reports of violent crimes committed on campus.
- 7) Take enforcement action on criminal matters when appropriate and after consultation with school administrators.
- 8) Attend school special events as needed.
- 9) Prepare lesson plans as necessary for the instruction provided.
- 10) Collect data on SRO activities (arrests, citations, etc.)

B. **Uniform.** The SRO will wear the Department mandated uniform appropriate to his/her rank, unless otherwise advised by his/her supervising officer.

C. **Daily Schedule.** To be determined by the commanding officer and the school administrators consistent with the MOU.

D. **Special Events.** To be determined by the commanding officer and the school administrators consistent with this Agreement.

E. **Summer Activity.** The SRO should accomplish as much of the required training as possible during the summer months when school is not in session. The SRO may still be involved in some summer projects with the school district; however, they will spend the majority of this time on Sheriff's Department assignments.

F. Role in Responding to Criminal Activity. One of the roles of the SRO, as a law enforcement officer, is to engage in traditional criminal investigation and report taking. As a police officer, the SRO has the authority to issue warnings, make arrests and use alternatives to arrest at their discretion. The SRO, however, perform their duties mindful of the parties' common goal of supporting student success. The following procedures will help SROs be as effective as possible in this role:

- 1) School staff will contact the SRO to inform them of all violent or other criminal activity that creates a safety risk that occurs on the school campus. The SRO and school officials shall discuss and agree in writing on what levels of violent activity would prompt school officials to notify the SRO. This information will be conveyed to all school staff. In turn, the SRO will inform school administration of all criminal activity they observe on the school campus.
- 2) For any offense on school property, the SRO, working cooperatively with the school administration, will endeavor to avoid arrest and criminal involvement for misdemeanor activity. Certain offenses (felonies), such as sex offenses, weapons offenses, and any offenses of violence, will normally require the filing of charges in consultation with school officials, but should be evaluated on a case-by-case basis. The SROs powers to arrest will be governed by the Illinois Compiled Statutes.
- 3) The SRO and school officials shall put into place plans, such as de-escalation techniques, conflict resolution and restorative justice practices, to serve as an alternative to arrest, which will be distributed to school staff.

G. Role in School Policy Violations. SROs are not school disciplinarians and violations of the student code of conduct or school's rules that are not criminal matters should always be handled by school faculty and staff, not SROs. The SRO should not directly intervene unless the situation directly affects an imminent threat to the health, safety, and security of the student or another person in the school and will employ de-escalation techniques as appropriate. School discipline is the responsibility of the appropriate school administrator and clear guidelines on SRO involvement should be developed and distributed to school staff. The SRO, as a staff member, will report school policy violations through the proper channels to be handled by school administration. It is the responsibility of the SRO to become familiar with the Student Handbook or Student Code of Conduct, but it is not the responsibility of the SRO to enforce the rules in these documents.

H. Data Collection. The SRO should submit a monthly activity report to the Superintendent of Schools, building principals, and his/her Sheriff. The report should include descriptions of all activities engaged in by the SRO, including incidents or calls for service, names of students and/or staff involved, student searches, arrests, citations and/or summons issued, and other referrals to the juvenile justice system.

I. Sharing of Information. Communication and information sharing is essential to the success of the SRO program. The following procedures should be followed to facilitate a free flow of information between school officials and the SRO:

1. Sharing of information will be governed by the Illinois Compiled Statutes, Illinois' Public Records Law, and relevant Sheriff's Department and School District policies.
2. The sharing of arrest related information by the SRO with school administration upon

request or at the direction of the SRO. will involve the dissemination of arrest reports and calls for service filed with the St. Clair County, Illinois Sheriff's Department or from other Police agencies coming into contact with students from Cahokia, Illinois School District 187.

3. Juvenile fingerprints and photos as part of the arrest record will not be shared by the SRO.
4. If the SRO is aware of information on a student that is officially obtained by the Sheriff's Department, which reflects that the student is in violation of school policies (Student Handbook or Athletic Code), the SRO may forward that information to school administration.
5. If a Juvenile is an uncharged suspect in a crime, his/her information will not be released unless authorized by the Chief Investigator of the St. Clair County, Illinois Sheriff's Department or his/her designee.
6. Information which the SRO obtains from school personnel which deals with criminal or possible criminal intelligence will be maintained by the SRO as a criminal justice file. This file may be shared with other Division personnel and Criminal Justice Agencies, but will not be part of the student's school record.
7. Hearsay information or rumors will alone, not be the basis for any formal action by the Sheriff's Department. It can be used in an intelligence capacity or to validate the need for further investigation.
8. Any information that is obtained by the SRO that pertains to criminal activity occurring outside the Wirth Middle School and ACDC Penniman School limits shall be relayed to the police department of jurisdiction.
9. When any felony occurs or any crime that prompts a Public Information Officer response from the schools or the County or if a school building is evacuated the SRO shall contact his immediate supervisor as soon as possible.
10. The SRO shall have access to any public records maintained by the school to the extent allowed by law. Law enforcement officials may need confidential information in emergency situations based on the seriousness of the threat to someone's health or safety, time sensitivity, and the direct relationship of the information to the emergency.

J. Role in Locker, Vehicle, Personal, and Other Searches. The SRO may participate in a search of a student's person, possessions, locker, or vehicle only where there is probable cause to believe that the search will turn up evidence that the student has committed or is committing a criminal offense. The SRO will not ask a school employee to conduct a search for law enforcement purposes.

Unless there is a serious and immediate threat to student, teacher, or school safety, the Superintendent of Schools in concert with the building principals shall have final authority in the building.

The SRO may perform searches independent of the school administration only during emergency situations and

where criminal activity is suspected.

Strip searches of students by SROs are prohibited. Unless there is a serious and immediate threat to a student, a teacher, or public safety, the SRO shall not initiate or participate in other physically invasive searches of a student.

Searches will be conducted and performed consistent with applicable law.

K. Limits on Interrogations and Arrests

- i. **Interrogations.** The SRO may participate in the questioning of a student about conduct that could result in criminal charges only after informing the student of his or her Miranda rights in age-appropriate language and informing the student's parent(s) or guardian(s). Parents/guardians should be allowed sufficient time to arrive at school to be present for interrogation.
- ii. **Arrests.** Incidents involving public order offenses, including disorderly conduct, profanity, and fighting that do not involve serious physical injury or a weapon, should be considered school discipline issues to be handled by school officials rather than criminal law issues warranting formal law enforcement intervention.

Building principals and the Superintendent or her designee shall be consulted prior to an arrest of a student when practical. The student's parent(s) or guardian(s) shall be notified of his or her arrest immediately or as soon as practical and in a timely manner. Unless there is a serious and immediate threat to student, teacher, or public safety, SROs shall not use physical force or restraints on students.

L. Role in Critical Incidents. The SRO will be familiar with the emergency operations manual of the Cahokia, Illinois School District 187. During critical incidents occurring when the SRO is present, the SRO will normally act as a liaison between school administration, police personnel, and other emergency resources if practical. The SRO will be familiar with the emergency operations manual of the Cahokia, Illinois School District 187. During critical incidents occurring when the SRO is present, the SRO will normally act as a liaison between school administration, police personnel, and other emergency resources if practical.

M. Role in Truancy Issues. Truancy will be handled by school personnel. The SRO will not take an active role in the tracking of truants. The SRO will act as a liaison between the school and police personnel should police involvement become necessary due to safety concerns.

N. Accident, Incident, or Injury. In the event SRO suffers injury while assigned to perform his/her official duties at CCUSD, the SRO will notify SCCSD consistent with Department policy, and SCCSD shall notify CCUSD.

VI. School District Responsibilities

Cahokia, Illinois School District 187 shall provide the SRO the following materials and facilities, which are deemed necessary to the performance of the SRO's duties:

1. Access to a properly lighted private office, which shall contain a telephone, a secure

computer and printer, which may be used for general business purposes.

2. A location for files and records which can be properly locked and secured.
3. A desk with drawers, chair, work table, filing cabinet, and office supplies.

11. Provide training to teachers, administrators, staff and SROs about when to directly involve SROs with student misconduct and about available alternatives to arrest.

VII. Salary

CCUSD will reimburse SCCSD the salary, which includes base wages and fringe benefits, of the SRO while the SRO is performing the functions contained in this MOU. The SRO at all times remains an employee of SCCSD and not an employee of CCUSD.

VIII. Crisis Planning

CCUSD, SCCSD, and local Fire Departments will coordinate Crisis Planning and training. Each entity will be involved in updates and creation of new Crisis Plans. Consistency throughout the district should be adhered to. Lock down drills shall be included as part of CCUSD's preparedness plan. The Sheriff's Department shall be included in the creation of lock down procedures so that first responders are familiar with procedures. Lock down procedures should be trauma-informed and consistent throughout the district.

IX. Reviewing the MOU and SRO Program

The assigned parties shall review the MOU/SRO Program annually and make adjustments as needed. Any revisions will be reflected in an updated MOU. Complaints against the SRO shall follow the normal complaint process of the SCCSD and include notice to the appropriate school administrators.

X. Conflict Resolution, Jurisdiction & Venue

Unforeseen difficulties or questions regarding this MOU will first be attempted to be resolved by negotiation between SCCSD and CCUSD or their designees.

The terms of this MOU shall be governed by and construed in accordance with the laws of the State of Illinois

In the event of litigation between SCCSD and CCUSD relating to this agreement, the parties hereby agree that

any such litigation suit to enforce the terms of this Agreement may only be brought in the Illinois Twentieth Judicial Circuit, St. Clair County, Illinois. By this Agreement, the parties submit themselves to the jurisdiction and venue of the Illinois Twentieth Judicial Circuit, St. Clair County Illinois.

X. Indemnification

To the fullest extent permitted by applicable law and as between SCCSD and CCUSD only, SCCSD shall defend, protect, indemnify and hold harmless CCUSD, its elected and appointed officials, employees, and agents, from and against any and all claims, suits, actions, judgments, fines, penalties, loss, damage, (including costs and reasonable attorneys' fees), whether direct or indirect, due to bodily injury or personal injury, death, sickness or property damages, (including loss or use thereof) arising out of the activities of the SRO, or resulting from the performance of service under this Agreement, to the extent that activities and performance of services are due to the negligent act or omission, or willful or intentional misconduct of the SRO in connection with the performance of this Agreement, provided however that such indemnification shall not apply to the extent any such claim shall result from the negligence or intentional acts of CCUSD, its elected and appointed officials, employees, and agents.

To the fullest extent permitted by applicable law and as between CCUSD and SCCSD only, CCUSD shall defend, protect, indemnify and hold harmless SCCSD, its elected and appointed officials, employees, and agents, from and against any and all claims, suits, actions, judgments, fines, penalties, loss, damage, (including costs and reasonable attorneys' fees), whether direct or indirect, due to bodily injury or personal injury, death, sickness or property damages, (including loss or use thereof) arising out of the activities of CCUSD or its elected and appointed officials, employees, and agents, acting within the scope of their employment, to the extent that activities and performance of services are due to the negligent act or omission, or willful or intentional misconduct of CCUSD, provided however that such indemnification shall not apply to the extent any such claim shall result from the negligence or intentional acts of SCCSD, its elected and appointed officials, employees, and agents.

XI. Insurance and Public Employee Disability Act

Any SRO under this Agreement is and will remain an employee of SCCSD and will provide all applicable liability insurance, including but not limited to general liability, commercial general liability, police professional liability, law enforcement liability, and workers' compensation/employer liability. In the event that an injury caused solely during the performance of an SRO's duties as a SRO for CCUSD, and said injury results in designation of the SRO as eligible to receive benefits under the Public Employees Disability Act Benefits, (5 ILCS 345/0.01 et seq.) (PEDA); CCUSD will be responsible to reimburse SCCSD pay for cost of the benefits paid to the SRO by SCCSD and any liabilities that SCCSD incurs pursuant to PEDA, including that of their spouse and eligible dependents, until the responsibilities for benefits under PEDA have been exhausted in their entirety. SCCSD will retain the right to be legally represented by legal counsel of its choosing for defense in any legal matters arising under this Agreement.

XII. Termination

This agreement may be terminated by either party, with cause, upon seven (7) day's written notice to other party.

XIII. Term

Absent early termination by way of notice to the opposing party to this MOU, the MOU will terminate automatically on June 30, 2023. Any renewal of this agreement shall be in writing, independently defining the terms of any future agreement.

(AXON Technical Project Manager/The AXON installer)

Purpose and Intent

AGENCY states, and AXON understands and agrees, that Agency's purpose and intent for entering into this SOW is for the AGENCY to obtain from AXON deliverables, which used solely in conjunction with AGENCY's existing systems and equipment, which AGENCY specifically agrees to purchase or provide pursuant to the terms of this SOW.

This SOW contains the entire agreement between the parties. There are no promises, agreements, conditions, inducements, warranties or understandings, written or oral, expressed or implied, between the parties, other than as set forth or referenced in the SOW.

Acceptance

Upon completion of the services outlined in this SOW, AGENCY will be provided a professional services acceptance form ("Acceptance Form"). AGENCY will sign the Acceptance Form acknowledging that services have been completed in substantial conformance with this SOW and the Agreement. If AGENCY reasonably believes AXON did not complete the professional services in conformance with this SOW, AGENCY must notify AXON in writing of the specific reasons within seven (7) calendar days from delivery of the Acceptance Form. AXON will remedy the issues to conform with this SOW and re-present the Acceptance Form for signature. AGENCY is responsible for providing AXON with all required instructions and documentation accompanying the security background check's requirements.

AGENCY is responsible for making certain that any and all security settings (port openings, firewall settings, antivirus software, virtual private network, routing, etc.) are made prior to the installation, configuration and testing of the aforementioned deliverables.

Network

AGENCY is responsible for making certain that any and all network(s) route traffic to appropriate endpoints and AXON is not liable for network breach, data interception, or loss of data due to misconfigured firewall settings or virus infection, except to the extent that such virus or infection is caused, in whole or in part, by defects in the deliverables.

VEHICLE INSTALLATION

Preparedness

On such dates and times mutually agreed upon by the parties, the AGENCY will deliver all vehicles to an AXON Installer less weapons and items of evidence. Vehicle(s) will be deemed 'out of service' to the extent necessary to perform Work pursuant of this SOW.

Major components will be salvaged by the AXON Installer for auction by the AGENCY. Wires and cables are not considered expendable and will not be salvaged. Salvaged components will be placed in a designated area by the AGENCY within close proximity of the vehicle in an accessible work space.

Prior to removing the existing mobile video camera systems, it is both the responsibility of the AGENCY and the AXON Installer to test the vehicle's systems' operation to identify and operate, documenting any existing component or system failures and in detail, identify which components of the existing mobile video camera system will be removed by the AXON Installer.

In-Car Hardware/Software Delivery and Installation

On such dates and times mutually agreed upon by the parties, the AGENCY will deliver all vehicles to an AXON Installer, who will install and configure in each vehicle in accordance with the specifications detailed in the system's installation manual and its relevant addendum(s). Applicable in-car hardware will be installed and configured as defined and validated by the AGENCY during the pre-deployment discovery process.

If a specified vehicle is unavailable on the date and time agreed upon by the parties, AGENCY will provide a similar vehicle for the installation process. Delays due to a vehicle, or substitute vehicle, not being available at agreed upon dates and times may result in additional fees to the AGENCY. If the AXON Installer determines that a vehicle is not properly prepared for installation ("Not Fleet Ready"), such as a battery not being properly charged or properly up-fit for in-service, field operations, the issue shall be reported immediately to the AGENCY for resolution and a date and time for the future installation shall be agreed upon by the parties.

Prior to installing the Axon Fleet camera systems, it is both the responsibility of the AGENCY and the AXON Installer to test the vehicle's existing systems' operation to identify, document any existing component or vehicle systems' failures. Prior to any vehicle up-fitting the AXON Installer will introduce the system's components, basic functions, integrations and systems overview along with reference to AXON approved, AGENCY manuals, guides, portals and videos. It is both the responsibility of the AGENCY and the AXON Installer to agree on placement of each components, the antenna(s), integration recording trigger sources and customer preferred power, ground and ignition sources prior to permanent or temporary installation of an Axon Fleet camera solution in each vehicle type. Agreed placement will be documented by the AXON Installer.

AXON welcomes up to 5 persons per system operation training session per day, and unless otherwise agreed upon by the AGENCY, the first vehicle will be used for an installation training demonstration. The second vehicle will be used for an assisted installation training demonstration. The installation training session is customary to any AXON Fleet installation service regardless of who performs the continued Axon Fleet system installations.

The customary training session does not 'certify' a non-AXON Installer, customer-employed Installer or customer 3rd party Installer, since the AXON Fleet products does not offer an Installer certification program. Any work performed by non-AXON Installer, customer-employed Installer or customer 3rd party Installer is not warranted by AXON, and AXON is not liable for any damage to the vehicle and its existing systems and AXON Fleet hardware.
