5. Public Participation

Stacy Aschemann - Equip for Equality Expressed concern of issues and conditions going on with inmates who have mental disabilities at the St. Clair County Jail. We began monitoring the St. Clair County Jail in October 2019 that individuals with mental illness were at risk this followed litigation of multiple suicides at the jail. They were made aware that those conditions still existed, and people remained at risk. In February 2020, they met with Jail Administration and Wexford Health for a tour of the jail which including meeting with detainees and looking through records. We weren't told who the mental ill detainees were but could easily identify who they were. After our investigation, we followed up with a report in March 2020 detailing a lack of needed mental health screening, evaluation, psychiatric care, and treatment, as well as problematic uses of isolative conferment and denial of recreation. At the end of their 2020 visit, concerns where shared with the jail. They did engage and some progress was made but concerns still existed and need to be addressed. One major concern was that they saw was the high ratio of detainees to staff due to the overcrowding in the jail. In October 2021, they met again with the Administration and Wexford Health to see how the progress of changes were going. December 2021 another report was given to the jail which expressed similar concerns as the report in 2020. Without these significant changes, these dangerous conditions will continue leaving these individuals at risk and the County at risk of liability.

Will Asa – Equip for Equality Stated that the jail has been working with them, however; there are still lingering problems that need to be addressed such as inadequate screenings at booking, not filing medical evaluations to identify mental health needs during pretrial detention, and frequently placing mental ill individuals in isolation and segregation. Mr. Asa also mentioned that there is insufficient exercise and recreation time due to the jail being overcrowded and what used to the gym area is being used to house detainees. They are happy to see the items on the agenda tonight to get more mental health professionals at the

jail. However, this will not help the overcrowding at the jail. There is a change in legislation that is coming up in January, the SAFE-T Act, in which the pretrial fairness act should hopefully reduce the population at the jail. The County would have to create with 9-1-1 and law enforcement to be able to connect with a crisis care continuum. The things they are asking the County to do would have a centralization located to be able to share information with Stakeholders and as well as having a community in reach that can well the mental health issues in the jail. Mr. Asa made the point that making these changes would improve safety the workers and detainees, would reduce the medical costs associated with mental health and would decrease the amount of risk of liability that the County would have.

Unidentified male - Asked for the current status for planning, budgeting or civil engineering work on the expansion Green Mount Road between Frank Scott Parkway and Carlyle Avenue since the neighborhoods are seeing an impact on traffic and being able to exit from their neighborhoods. He knew that there were previous plans that were supposed to be done in 2020 and was curious about an update. Chairman Kern referred him to the County Highway Engineer, Norm Etling. Mr. Etling said he could email him all the information he had.

AN ORDINANCE AMENDING THE REVISED CODE OF ST. CLAIR COUNTY, ILLINOIS, GRANTING A REZONING FOR PROPERTY, OWNED BY TOBERMAN GRAIN COMPANY, AND APPLIED FOR BY NEXAMP SOLAR, LLC, ON PROPERTY KNOWN AS XXXX N 71ST STREET, EAST St. LOUIS, Illinois, IN CANTEEN TOWNSHIP. (2022-04-ZA)

WHEREAS, a public hearing was held in the County Board Room, 5th Floor, St. Clair County Building, #10 Public Square, Belleville, Illinois, on November 1, 2022, at 6:15 P.M., before the Zoning Board of Appeals and notice of said hearing was duly given; and,

WHEREAS, a petition was presented requesting the granting of a Zoning Amendment to change the zone district classification of a certain tract of land from "SR-MH" Single-Family Residence - Manufactured Home Zone District to "A" Agricultural Industry Zone District, on the hereinafter described property: Pt of the SW 1/4 of the NW 1/4 of Section 23, T. 2 N., R. 9 W., of the 3rd P.M., St. Clair County, Illinois containing 19.17-acres more or less, which is known as XXXX N 71st Street, East St. Louis, Illinois, in Canteen Township; and,

WHEREAS, on November 1, 2022 the Zoning Board of Appeals after considering evidence and testimony presented at this hearing; after considering all

relevant sections of the St. Clair County Zoning Code; and after further consideration of this matter; granted the applicants Zoning Amendment (2022-04-ZA) based upon the following findings:

- (1) Given the existing and historical use of the parcel in question and the current zoning and uses of those parcels to the east, north-east, and south-east of the parcel in question, the proposed rezoning to "A" Agricultural Industry zoning district is in harmony with the current use of the property in question and neighboring uses and zoning.
- (2) There are some residential and neighborhood business uses in the area but the majority of the uses east and north of the parcel in question are for agricultural purposes.
- (3) It is unlikely that the property in question could be used for residential purposes given its location in a flood plain and the historical ponding of water and/or flooding during rain events.
- (4) The subject property is suitable for agricultural type uses and is currently used for such.
- (5) There is no current trend of residential or other light business development in this immediate area.
- (6) The proposed rezoning is in harmony with the County's Comprehensive Plan.

WHEREAS, the County Board of St. Clair County, Illinois, concur in the aforesaid findings and recommendations of the Zoning Board of Appeals;

NOW, THEREFORE BE IT ORDAINED, by the County Board of St. Clair County, Illinois, that the request for a Zoning Amendment be granted.

Application By: Nexamp Solar, LLC, 200 W. Monroe St., Suite 620, Chicago, IL Owner: Toberman Grain Co., 616 Manor Lane, Millstadt, IL

Application Filed: 08/29/2022

Request: A request for a Zoning Amendment to change the zoning district classification of a certain tract of land from "SR-MH" Single Family Residence/Manufactured Home zoning district to "A" Agricultural Industry zoning district, on property commonly known as XXXX N. 71st Street, East St. Louis, Illinois (PPN: 02-23.0-102-007).

Other Comments: [list general comments from the public for or against the proposal or any other relevant matter]

Chase Ford of Nexamp Solar, LLC presented the application. It was explained that this application has a companion application 2022-13-SP seeking a construct a solar farm on this same property; however, a rezoning of the property is needed before the special use. Thus, the developer and owner of the solar farm is presenting this application for rezoning. Mr. Ford explained that the parcel in question is 19.17 acres and is currently used for agricultural purposes and has historically been used for agricultural purposes. The Zoning Director commented that the zoning of the parcel in question was changed in 1993, when it was thought that the subdivision to the south would further expand to the north. Such has expansion has never happened and such residential expansion will not likely happen in the future given flooding issues in the area. Further, the property in question has been farmed for 60+ years. In addition, the Zoning Director commented that this property is in a flood plain and does hold water on rain events. The Applicant indicated that it is aware of such occurring.

The properties to the east, north-east and south-east of the parcel in question are zoned "A" and are used for agricultural purposes. Further, the County's Comprehensive Plan calls for agricultural zoning.

The Zoning Director stated that County Board Member Robert Allen contacted her and he had no objection to the rezoning.

There were members of the public at the hearing but they commented about the proposed solar farm (2022-13-SP, which hearing was held following this matter) regarding property values and effect upon neighborhood property. The public was explained the difference between the two applications, and they had no voiced objection to a rezoning.

Witnesses having been sworn, testimony and evidence presented, and the Zoning Board of Appeals being fully advised in the premises, and the Board having considered the following in conjunction therewith, and found:

- (1) Given the existing and historical use of the parcel in question and the current zoning and uses of those parcels to the east, north-east, and south-east of the parcel in question, the proposed rezoning to "A" Agricultural Industry zoning district is in harmony with the current use of the property in question and neighboring uses and zoning.
- (2) There are some residential and neighborhood business uses in the area but the majority of the uses east and north of the parcel in question are for agricultural purposes.

Page 1 of 2 Zoning Board of Appeals' Advisory Report re 2022-04-ZA (3) It is unlikely that the property in question could be used for residential purposes given its location in a flood plain and the historical ponding of water and/or flooding during rain events.

(4) The subject property is suitable for agricultural type uses and is currently used for such.

(5) There is no current trend of residential or other light business development in this immediate area.

(6) The proposed rezoning is in harmony with the County's Comprehensive Plan.

Based upon the above testimony and facts, the Zoning Board of Appeals recommends approval of this request.

A motion was made by G. Meister to GRANT the request. The motion was seconded by S. Howell. The members of the Board voted as follows: S. Penny-Yes, G. Meister-Yes, S. Howell-Yes, and A. Edwards-Yes. The motion carried 4 to 0.

IT IS THEREFORE THE RECOMMENDATION OF THE ST. CLAIR COUNTY ZONING BOARD OF APPEALS THAT THE REQUESTED REZONING BE *GRANTED*, FOR THE AFOREMENTIONED REASONS BY A MAJORITY OF ALL MEMBERS PRESENT.

The Board found as follows: There will be minimal effect on traffic given existing road infrastructure. There will be no negative effect on public utilities.
- (5) Whether there are any facilities near the proposed Special Use (such as schools or hospitals) that require special consideration. The Board found as follows: There are no hospitals, schools or any other use in close proximity to the proposed Special Use that require special consideration given the proposed Special Use.

SUBJECT: DECEMBER 1, 2022 PROPERTY AND CASUALTY RENEWAL SUMMARY

We are pleased to present the December 1, 2022 Property and Casualty Renewal Summary to St. Clair County, IL, St. Clair County 911, the Intergovernmental Grants Department, and MidAmerica St. Louis Airport (collectively "SCC/MAA").

Overall Results Of December 1, 2022 Renewal

SCC/MAA's insurance expense will increase from \$2,083,853 to \$2,217,680. These results represent an expense increase of \$178,827 or 8.8%. The key drivers for the expense increase are SCC/MAA's Property insurance (to include flood and earthquake), Law Enforcement Liability, and Cyber Liability.

Although this renewal is an increase in expense, it is noteworthy that through the tumultuous insurance market over the last six-years, together, SCC/MAA and Lockton have significantly beaten the market! As the chart below demonstrates, the favorable gap between the market and SCC/MAA's experience is material and relevant; and this favorable gap is compounded and multiplied when viewed over multiple years.

Property Insurance (to include earthquake and flood): In 2022, property insurers have broadly required insureds to increase their total insured values ("TIV") by a median of 12%. This increase is designed to account for inflationary factors including the increased cost of materials and labor needed to repair/rebuild/replace in the event of a loss. It is noteworthy that through negotiations with the insurers, we were able to keep the increase in TIV to 6% for MAA and 7% for SCC. The relevance is that the expense of insurance is determined, in large part, by the following calculation: Rate X TIV = Premium. Controlling the TIV increase helped control the increase in property insurance expense.

Law Enforcement Liability: In addition to macro and micro economic factors, including economic inflation, insurers are broadly seeing "social inflation" driving increased settlements, awards, and verdicts across the country. This is most impactful to Law Enforcement Liability as respects to "social inflation". The increase in this expense is not specific to SCC's performance; rather, it is a derivative of the overall environment and the broad marketplace. It is noteworthy that SCC's loss experience in this space has generally been favorable as compared to its peers, and that favorable trend continues.

Cyber Liability: The Cyber Liability and Network Security market remains volatile due to the continued and evolving threats from individual bad actors and state sponsored bad actors; however, we have seen this market stabilizing. While the renewal expense for this coverage represents an increase of 18%, this is materially more favorable than the 100%+ increases we had been seeing in the marketplace.

Two years ago, SCC/MAA purchased total limits of \$10,000,000; however, at last years' renewal, the market reduced capacity to \$5,000,000, sub-limited ransomware coverage to \$2,500,000, and increased the deductible to \$500,000. The limits, terms, and conditions this year will remain as expiring.

We do have the option to again purchase total limits of \$10,000,000, consisting of a primary limit of \$5,000,000 and an excess limit of \$5,000,000. The subtle difference between the \$5,000,000 excess options is how they treat the ransomware sub-limit. With Option 1, the excess coverage does not "drop-down" to sit over the ransomware sub-limit; Option 2 does "drop-down" over this limit.

RENEWAL OPTION #1			
Layer	Carrier	Limit	Premium
Primary	AXA XL	\$5M x/s \$500k SIR	\$170,000
1st Excess	Resilience	Resilience \$5M x/s \$5M	
		Total Premium	\$297,500

Total Aggregate Limit: \$10,000,000

Primary Ransomware: \$2,500,000 + 50% coinsurance Excess Ransomware: \$2,500,000 x/s \$5,000,000

Layer Carrier	Limit	Premium
		Fichium
Primary AXA XL	\$5M x/s \$500k SIR	\$170,000
1st Excess Crum & Forster	\$5M x/s \$5M	\$150,000

Total Aggregate Limit: \$10,000,000

Primary Ransomware: \$2,500,000 + 50% coinsurance Excess Ransomware: \$2,500,000 x/s \$2,500,000

We look forward to discussing SCC/MAA's decision on this coverage: 1) purchase the existing \$5,000,000 limit; 2) purchase a total of \$10,000,000 with the excess coverage not dropping down for ransomware; or 3) purchase a total of \$10,000,000 with the excess coverage dropping down for ransomware.

Having a fantastic partnership with high-quality organizations like SCC/MAA and working along-side of the exceptional humans that they employ, is truly our joy and pleasure. On behalf of the entire Lockton Team, we thank you for your partnership and for your business; and we look forward to continuing to drive favorable outcomes alongside of SCC/MAA.

Dear State's Attorney Gomric:

At its regularly scheduled October Board Meeting, the Board of Governors of the State's Attorneys Appellate Prosecutor reviewed in detail the county contributions needed for the upcoming period of December 1, 2022, to November 30, 2023.

Due to severe Agency procurement/supply chain constraints, the Board voted unanimously to keep the payment categories the same as the prior period. Please note that unless your county's population decreased to a lower payment category, your contribution amount will remain the same. If your population decrease places your county in a lower payment category, your payment will be less.

This Agency will continue in its goal to provide the highest quality legal services in the most professional and effective manner. This includes the complete handling of appeals, serving as special prosecutor when needed, providing tax objection services, and offering comprehensive continuing legal education programs to assist all prosecutors in meeting their mandatory requirements.

We are sending you the new invoice statement and a resolution. The resolution serves as the official contract between your county and our Agency. Because of audit requirements, we must have a signed copy of the resolution without any changes being made. Unless you send the signed resolution, we are unable to provide any legal services to your county. When the resolution is approved, kindly return a fully executed copy to our Chief Fiscal Officer, Gloria Mundy.

As always, thank you for your active participation and support.

Please let me know if you have any questions or need any additional information.

I. THE ENGINEER AGREES,

- To perform or be responsible for the performance of the Scope of Services presented in EXHIBIT A for the LPA in connection with the proposed improvements herein before described.
- The Classifications of the employees used in the work shall be consistent with the employee classifications and estimated staff
 hours. If higher-salaried personnel of the firm, including the Principal Engineer, perform services that are to be performed by
 lesser-salaried personnel, the wage rate billed for such services shall be commensurate with the payroll rate for the work
 performed.
- 3. That the ENGINEER shall be responsible for the accuracy of the work and shall promptly make necessary revisions or corrections required as a result of the ENGINEER'S error, omissions or negligent acts without additional compensation. Acceptance of work by the LPA or DEPARTMENT will not relieve the ENGINEER of the responsibility to make subsequent correction of any such errors or omissions or the responsibility for clarifying ambiguities.
- That the ENGINEER will comply with applicable Federal laws and regulations, State of Illinois Statutes, and the local laws or ordinances of the LPA.
- 5. To pay its subconsultants for satisfactory performance no later than 30 days from receipt of each payment from the LPA.
- 6. To invoice the LPA, The ENGINEER shall submit all invoices, based on the ENGINEER's progress reports, to the LPA employee In Responsible Charge, no more than once a month for partial payment on account for the ENGINEER's work to date. Such invoices shall represent the value, to the LPA of the partially completed work, based on the sum of the actual costs incurred, plus a percentage (equal to the percentage of the construction engineering completed) of the fixed fee for the fully completed work.
- 7. The ENGINEER or subconsultant shall not discriminate on the basis of race, color, national origin or sex in the performance of this AGREEMENT. The ENGINEER shall carry out applicable requirements of 49 CFR part 26 in the administration of US Department of Transportation (US DOT) assisted contract. Failure by the Engineer to carry out these requirements is a material breach of this AGREEMENT, which may result in the termination of this AGREEMENT or such other remedy as the LPA deems appropriate.
- 8. That none of the services to be furnished by the ENGINEER shall be sublet, assigned or transferred to any other party or parties without written consent of the LPA. The consent to sublet, assign or otherwise transfer any portion of the services to be furnished by the ENGINEER shall be construed to relieve the ENGINEER of any responsibility for the fulfillment of this AGREEMENT.
- 9. For Construction Engineering Contracts:
 - (a) For Quality Assurance services, provide personnel who have completed the appropriate STATE Bureau of Materials QC/QA trained technical classes.
 - (b) For all projects where testing is required, the ENGINEER shall obtain samples according to the STATE Bureau of Materials "Manual of Test Procedures for Materials," submit STATE Bureau of Materials inspection reports; and verify compliance with contract specifications.
- That engineering services shall include all equipment, instruments, supplies, transportation and personnel required to perform the duties of the ENGINEER in connection with this AGREEMENT (See DIRECT COST tab in BLR 05513 or BLR 05514).

II. THE LPA AGREES,

- To certify by execution of this AGREEMENT that the selection of the ENGINEER was performed in accordance with the Professional Services Selection Act (50 ILCS 510) (Exhibit C).
- 2. To furnish the ENGINEER all presently available survey data, plans, specifications, and project information.
- For Construction Engineering Contracts:
 - (a) To furnish a full time LPA employee to be In Responsible Charge authorized to administer inherently governmental PROJECT activities.
 - (b) To submit approved forms BC 775 and BC 776 to the DEPARTMENT when federal funds are utilized.
- 4. To pay the ENGINEER:
 - (a) For progressive payments Upon receipt of monthly invoices from the ENGINEER and the approval thereof by the LPA, monthly payments for the work performed shall be due and payable to the ENGINEER, such payments to be equal to the value of the partially completed work minus all previous partial payments made to the ENGINEER.
 - (b) Final payment Upon approval of the work by the LPA but not later than 60 days after the work is completed and reports have been made and accepted by the LPA and DEPARTMENT a sum of money equal to the basic fee as

determined in this AGREEMENT less the total of the amount of partial payments previously paid to the ENGINEER shall be due and payable to the ENGINEER.

- (c) For Non-Federal County Projects (605 ILCS 5/5-409)
- (1) For progressive payments Upon receipt of monthly invoices from the ENGINEER and the approval thereof by the LPA, monthly payments for the work performed shall be due and payable to the ENGINEER. Such payments to be equal to the value of the partially completed work in all previous partial payments made to the ENGINEER.
- (2) Final payment Upon approval of the work by the LPA but not later than 60 days after the work is completed and reports have been made and accepted by the LPA and STATE, a sum of money equal to the basic fee as determined in the AGREEMENT less the total of the amount of partial payments previously paid to the ENGINEER shall be due and payable to the ENGINEER.

6. The recipient shall not discriminate on the basis of race, color, national original or sex in the award and performance of any US DOT-assisted contract or in the administration of its DBE program or the requirements of 49 CFR part 26. The recipient shall take all necessary and reasonable steps under 49 CFR part 26 to ensure nondiscrimination in the award and administration of US DOT-assisted contracts. The recipient's DBE program, as required by 49 CFR part 26 and as approved by US DOT, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as violation of this AGREEMENT. Upon notification to the recipient of its failure to carry out its approved program, the Department may impose sanctions as provided for under part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C 3801 et seg.).

III. IT IS MUTUALLY AGREED,

1. To maintain, for a minimum of 3 years after the completion of the contract, adequate books, records and supporting documents to verify the amount, recipients and uses of all disbursements of funds passing in conjunction with the contract; the contract and all books, records and supporting documents related to the contract shall be available for review and audit by the Auditor General, and the DEPARTMENT; the Federal Highways Administration (FHWA) or any authorized representative of the federal government, and to provide full access to all relevant materials. Failure to maintain the books, records and supporting documents required by this section shall establish a presumption in favor of the DEPARTMENT for the recovery of any funds paid by the DEPARTMENT under the contract for which adequate books, records and supporting documentation are not available to support their purported disbursement.

2. That the ENGINEER shall be responsible for any and all damages to property or persons arising out of an error, omission and/or negligent act in the prosecution of the ENGINEER's work and shall indemnify and save harmless the LPA, the DEPARTMENT, and their officers, agents and employees from all suits, claims, actions or damages liabilities, costs or damages of any nature whatsoever resulting there from. These indemnities shall not be limited by the listing of any insurance policy. The LPA will notify the ENGINEER of any error or omission believed by the LPA to be caused by the negligence of the ENGINEER as soon as practicable after the discovery. The LPA reserves the right to take immediate action to remedy any error or omission if notification is not successful; if the ENGINEER fails to reply to a notification; or if the conditions created by the error or omission are in need of urgent correction to avoid accumulation of additional construction costs or damages to property and reasonable notice is not practicable.

3. This AGREEMENT may be terminated by the LPA upon giving notice in writing to the ENGINEER at the ENGINEER's last known post office address. Upon such termination, the ENGINEER shall cause to be delivered to the LPA all drawings, plats, surveys, reports, permits, agreements, soils and foundation analysis, provisions, specifications, partial and completed estimates and data

if any from soil survey and subsurface investigation with the understanding that all such materials becomes the property of the LPA. The LPA will be responsible for reimbursement of all eligible expenses incurred under the terms of this AGREEMENT up to the date of the written notice of termination.

- In the event that the DEPARTMENT stops payment to the LPA, the LPA may suspend work on the project. If this agreement is suspended by the LPA for more than thirty (30) calendar days, consecutive or in aggregate, over the term of this AGREEMENT, the ENGINEER shall be compensated for all services performed and reimbursable expenses incurred prior to receipt of notice of suspension. In addition, upon the resumption of services the LPA shall compensate the ENGINEER, for expenses incurred as a result of the suspension and resumption of its services, and the ENGINEER's schedule and fees for the remainder of the project shall be equitably adjusted.
- 5. This AGREEMENT shall continue as an open contract and the obligations created herein shall remain in full force and effect until the completion of construction of any phase of professional services performed by others based upon the service provided herein. All obligations of the ENGINEER accepted under this AGREEMENT shall cease if construction or subsequent professional services are not commenced within 5 years after final payment by the LPA.
- 6. That the ENGINEER shall be responsible for any and all damages to property or persons arising out of an error, omission and/or negligent act in the prosecution of the ENGINEER's work and shall indemnify and have harmless the LPA, the DEPARTMENT, and their officers, employees from all suits, claims, actions or damages liabilities, costs or damages of any nature whatsoever resulting there from. These indemnities shall not be limited by the listing of any insurance policy.
- 7. The ENGINEER and LPA certify that their respective firm or agency:
 - (a) has not employed or retained for commission, percentage, brokerage, contingent fee or other considerations, any firm or person (other than a bona fide employee working solely for the LPA or the ENGINEER) to solicit or secure this AGREEMENT.
 - (b) has not agreed, as an express or implied condition for obtaining this AGREEMENT, to employ or retain the services of any firm or person in connection with carrying out the AGREEMENT or
 - (c) has not paid, or agreed to pay any firm, organization or person (other than a bona fide employee working solely for the LPA or the ENGINEER) any fee, contribution, donation or consideration of any kind for, or in connection with, procuring or carrying out the AGREEMENT.
 - (d) that neither the ENGINEER nor the LPA is/are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any Federal department or agency.
 - (e) has not within a three-year period preceding the AGREEMENT been convicted of or had a civil judgment rendered against them for commission of fraud or criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, State or local) transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property.
 - (f) are not presently indicated for or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (e) and
 - (g) has not within a three-year period preceding this AGREEMENT had one or more public transaction (Federal, State, local) terminated for cause or default.

Where the ENGINEER or LPA is unable to certify to any of the above statements in this clarification, an explanation shall be attached to this AGREEMENT.

- 8. In the event of delays due to unforeseeable causes beyond the control of and without fault or negligence of the ENGINEER no claim for damages shall be made by either party. Termination of the AGREEMENT or adjustment of the fee for the remaining services may be requested by either party if the overall delay from the unforeseen causes prevents completion of the work within six months after the specified completion date. Examples of unforeseen causes included but are not limited to: acts of God or a public enemy; acts of the LPA, DEPARTMENT < or other approving party not resulting from the ENGINEER's unacceptable services; fire; strikes; and floods.</p>
 - If delays occur due to any cause preventing compliance with the PROJECT SCHEDULE, the ENGINEER shall apply in writing to the LPA for an extension of time. If approved, the PROJECT SCHEDULE shall be revised accordingly.
- This certification is required by the Drug Free Workplace Act (30 ILCS 580). The Drug Free Workplace Act requires that no grantee or contractor shall receive a grant or be considered for the purpose of being awarded a contract for the procurement of any property or service from the DEPARTMENT unless that grantee or contractor will provide a drug free workplace. False certification or violation of the certification may result in sanctions including, but not limited to suspension of contract or grant payments, termination of a contract or grant and debarment of the contracting or grant opportunities with the DEPARTMENT for at least one (1) year but not more than (5) years.

For the purpose of this certification, "grantee" or "Contractor" means a corporation, partnership or an entity with twenty-five (25) or more employees at the time of issuing the grant or a department, division or other unit thereof, directly responsible for the specific performance under contract or grant of \$5,000 or more from the DEPARTMENT, as defined the Act.

The contractor/grantee certifies and agrees that it will provide a drug free workplace by:

- (a) Publishing a statement:
 - (1) Notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance, including cannabis, is prohibited in the grantee's or contractor's workplace.
 - (2) Specifying the actions that will be taken against employees for violations of such prohibition.
 - (3) Notifying the employee that, as a condition of employment on such contract or grant, the employee will:
 - (a) abide by the terms of the statement; and
 - (b) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction.

- (b) Establishing a drug free awareness program to inform employees about:
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's or contractor's policy to maintain a drug free workplace;
 - (3) Any available drug counseling, rehabilitation and employee assistance program; and
 - (4) The penalties that may be imposed upon an employee for drug violations.
- (c) Providing a copy of the statement required by subparagraph (a) to each employee engaged in the performance of the contract or grant and to post the statement in a prominent place in the workplace.
- (d) Notifying the contracting or granting agency within ten (10) days after receiving notice under part (b) paragraph (3) of subsection (a) above from an employee or otherwise receiving actual notice of such conviction.
- (e) Imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program.
- (f) Assisting employees in selecting a course of action in the event drug counseling, treatment and rehabilitation is required and indicating that a trained referral team is in place.

Making a good faith effort to continue to maintain a drug free workplace through implementation of the Drug Free Workplace Act, the ENGINEER, LPA and the DEPARTMENT agree to meet the PROJECT SCHEDULE outlined in EXHIBIT B. Time is of the essence on this project and the ENGINEER's ability to meet the PROJECT SCHEDULE will be a factor in the LPA selecting the ENGINEER for future projects. The ENGINEER will submit progress reports with each invoice showing work that was completed during the last reporting period and work they expect to accomplish during the following period.

- Due to the physical location of the project, certain work classifications may be subject to the Prevailing Wage Act (820 ILCS 130/0.01 et seq).
- 11. For Construction Engineering Contracts:
 - (a) That all services are to be furnished as required by construction progress and as determined by the LPA employee In Responsible Charge. The ENGINEER shall complete all services herein within a time considered reasonable to the LPA, after the CONTRACTOR has completed the construction contract.
 - (b) That all field notes, test records and reports shall be turned over to and become the property of the LPA and that during the performance of the engineering services herein provided for, the ENGINEER shall be responsible for any loss or damage to the documents herein enumerated while they are in the ENGINEER's possession and any such loss or damage shall be restored at the ENGINEER's expense.
 - (c) That any difference between the ENGINEER and the LPA concerning the interpretation of the provisions of this AGREEMENT shall be referred to a committee of disinterested parties consisting of one member appointed by the ENGINEER, one member appointed by the LPA, and a third member appointed by the two other members for disposition and that the committee's decision shall be final.
 - (d) That in the event that engineering and inspection services to be furnished and performed by the LPA (including personnel furnished by the ENGINEER) shall, in the opinion of the STATE be incompetent employed on such work at the expense of the LPA.
 - (e) Inspection of all materials when inspection is not provided a the sources by the STATE Central Bureau of Materials, and submit inspection reports to the LPA and STATE in accordance with the STATE Central Bureau of Materials "Project Procedures Guide" and the policies of the STATE.
