Cheri Report

For the month of August, we had a 98% live save rate. The construction is still going on. This afternoon Animal Services office moved into the Adoption Center. This is where we will be working until the Animal Services offices is completed. Construction, what can I say? Our dog kennels are full.

Mr. Trentman: Julie do you have anything else to add

Julie: No

Mr. Trentman: How is the construction doing, are they doing drywall, painting and stuff, what do they have going on

Cheri: In the Adoption Center, they are pretty much done, they are waiting on the cabinets to come in and get put in place. They moved Animal Services office out and will start putting up the drywall where they cut out the walls. Everything that was left in the AS office was moved into a big pile in the office so workers could get to the walls.

Mr. Trentman: So, do we have adoptable dogs right now

Cheri: No

Mr. Trentman: So, the rescues are pulling them, I guess that is how you are doing it, when they do

Cheri: When they do

Mr. Trentman: Once things get up you will move some over

Cheri: It will probably, I hate to put a time on it because if they say it will be done in two weeks and it may not be done for six weeks. But they are also going to be painting the kennels, so we will have to be rotating animals around section by section. It will be like a brand-new place.

Mr. Trentman: I forgot my agenda at home, my cheat sheet

Mr. Wilhelm: How high did the water get in there

Cheri: In my office there was about nine inches of water

Mr. Wilhelm: Did they cut out about four feet of dry wall out

Page 3 – St. Clair County Animal Services (September 19th 2022)

Cheri: Yes, about two to three feet

Mr. Trentman: How do you like the radar sign out front

Cheri: It is nice, people fly down that road

Mr. Trentman: The Township has a radar trailer. I posted it by the Belleville Area Humane Society. Trying to get people to slow down for our volunteers.

MOTION: by Mr. Greenwald to approve Cheri's report

2nd by Mr. Baricevic
