14. Any other Pertinent Business –

Chairman Kern said we appreciate that most of you volunteered at the County Fair. Chairman Kern said I am happy to report that the official total that we had 17,709 people attend the fair. Chairman Kern said the fair was successful and mother nature wasn't kind, but I think everyone had a good time. Chairman Kern said we will be putting on a County Fair next year with added attractions. Chairman Kern said additionally we have had two races at the track that have been very successfully since the opening. Chairman Kern said Bob Trentman was driving the green pick up. Chairman Kern said there will be a huge race October 17 and you need to get your tickets now and all of these events make some money for the county. Chairman Kern said along with record numbers at MidAmerica Airport, things are going all well. Applause followed. Chairman Kern said we did end up in the black, but we don't have final numbers yet. Chairman Kern said Steve Reeb sang the National Anthem several times during the fair.

15. Adjournment

There being no further business, a motion was made by M. O'Donnell seconded by J. Moll that the Board stand adjourned until Monday, September 28, 2026, at 7:30 p.m., for the September Meeting, and to convene in the County Board Meeting Room B-564, 10 Public Square, Belleville, Illinois, when it will be the pleasure for all to attend. Motion carried unanimously.

RESOLUTION NO. 3168-26-RZ

A RESOLUTION GRANTING A REQUEST FOR A SPECIAL USE PERMIT BY EUGENE & NANCY STEIN, OWNERS AND WHITE CLOVER BESS, LLC, A WHOLLY OWNED SUBSIDIARY OF RWE CLEAN ENERGY, LLC, APPLICANTS, FOR PROPERTY LOCATED AT XXXX BEE HOLLOW ROAD, MASCOUTAH, ILLINOIS, IN FAYETTEVILLE TOWNSHIP. (CASE #2026-02-SP)

WHEREAS, a public hearing was held in the County Board Room, 5th Floor, St. Clair County Building, #10 Public Square, Belleville, Illinois, on August 6, 2026 at 6:00 P.M., before the Zoning Board and notice of said hearing was duly given; and,

WHEREAS, on August 6, 2026 the Zoning Board of Appeals after hearing the testimony and evidence presented; after considering all relevant sections of the St. Clair County Zoning Code, and after further consideration of the matter, granted the applicant's a Special Use Permit to allow a 200 MW Energy Storage System on 19.96 +/- acres in an "A" Agricultural Industry Zone District due to the following:

1. The land in question is located in an "A" Agricultural Industry Zone District. The proposed facility is bordered on the north by an Ameren substation and a substation for the adjacent commercial utility scale solar energy facility; on the east by the commercial utility scale solar energy facility; on the south by a farm field and woods; and on the west by second Ameren substation, as well as the participating property owner's residence. The property is shielded from view by traffic on Illinois State Route 15 and is partially shielded from view from traffic on Bee Hollow Road. Setbacks from nonparticipating residential properties, property lines and public right of ways meet or exceed County and State requirements, per the plans submitted.
2. The Applicant is requesting a special use permit to construct a 200 MW commercial energy storage system/facility on a footprint of approximately 19.96 +/- acres. Construction will take approximately 12-15 months to complete once commenced. Anticipated construction start date will be sometime in the fourth quarter of 2027. The roadway to be utilized for permanent access and by construction

traffic is Bee Hollow Road. The Applicant will need to obtain a road use agreement with the local road district and obtain all necessary ingress/egress and transportation permits prior to starting construction.

3. The project will include approximately 100 containers containing lithium-ion battery cell units and a switcher station (connects battery storage to local utility). The facility will be connected to the adjacent Ameren substation via overhead lines that will be constructed to applicable standards.
4. Access to the project will come from Bee Hollow Road on a narrow strip of ground that is just south and adjacent to the property owner's residence. An access roadway will then traverse the property owner's ground in an east and then north fashion until it connects with the larger and more uniform portion of the parcel in question where the energy storage facility is to be situated inside a fenced perimeter. The location and specifications of the entrance way off of Bee Hollow Road is to be approved by the local road district commissioner.
5. While the majority of the energy storage facility will be comprised of aggregate rock, any areas of bare ground will be appropriately planted and maintained pursuant to the Application's vegetative maintenance/management plan submitted and agreed upon, throughout the life of the facility.
6. Once the project has been constructed there will be minimal added traffic on a daily basis. The only additional traffic will be for periodic inspection and maintenance.
7. Any sound created by the completed commercial energy storage system/facility will be minimal and within the limits as provided by the State of Illinois and the St. Clair County Zoning Code.
8. The perimeter of the project site will be fenced with a 7 foot-tall, chain link style fence, with metal-galvanized posts, with all appropriate and required signage.
9. The proposed setbacks of the project area will either meet or exceed County requirements and comply with current state statutes regarding nonparticipating residential properties, property line borders, and public right of way, according to the site plan submitted.
10. The Applicant has submitted a decommissioning plan, which contains the total probable value decommission costs (without deduction for salvage value) as determined by an Illinois licensed professional engineer, at the time of submission, in the amount of \$14,454,119.86. The decommission cost estimate shall be updated pursuant to County Code and State law.
11. The LESA rating for this parcel is 153, which is low for agricultural retention.

The Board found and concluded as follows:

- (1) Whether the proposed design, location, development and operation of the proposed Special Use will adequately protect the public health, safety, and welfare and the physical environment. **The Board found as follows:** The proposed design, location, development, and the operation of the proposed commercial energy storage system/facility adequately protects the public's health,

safety and welfare, and physical environment. There will be adequate safety systems and fire systems in place, including an emergency response plan; there will be a thorough and approved decommissioning plan in place with financing for the decommissioning of the project per a bond or other financial surety instrument provided to the County; the site will be fenced with a chain link fence and galvanized metal posts, which shall include adequate warning signage; the Applicant will be required to coordinate with applicable emergency personnel to provide for proper planning and access during an emergency event; all appropriate storm water measures will be implemented and installed; and the site will be appropriately and continuously maintained throughout its life span pursuant to a maintenance plan/schedule.

- (2) The proposed Special Use will not have an adverse impact on the County's Comprehensive Plan, as said "Plan" calls for agricultural use. The site in question is rural in nature, contains agricultural ground, and is adjacent to other ground that is either zoned and/or used for agricultural purposes or used for renewable energy or energy transmission purposes. State law has found that an energy storage facility is a compatible use in agricultural zoned areas. Additionally, the LESA score 153, is a low score for agricultural retention, and such demonstrates that continued use for row crop purposes is not ideal or productive. Therefore, the development and transition of this parcel into a commercial energy storage system/facility would be consistent with the County's Zoning Code and state law.
- (3) The proposed Special Use will have a positive impact on the County's overall tax base. The neighboring properties consist of farm fields, woods, a residence (participating residence), utility substations, and a commercial utility scale solar energy facility. Thus, the proposed project will have minimal impact on the value of neighboring properties.
- (4) The proposed Special Use will enhance the supply of electric utilities to the area and would add stability and resiliency to the local power grid. Further, the proposed Special Use will create no burden on existing utilities. In addition, the proposed Special Use will not lead to an increase in traffic after it is constructed, as the only additional traffic will consist of vehicles visiting the site for periodic maintenance and inspection, and Bee Hollow Road (with any necessary repairs or upgrades required by the road district authority) and the connecting roadway system is adequate to support the increase in temporary construction traffic.
- (5) There are no facilities near the proposed Special Use that require special consideration.
- (6) The proposed Special Use is compatibility to adjacent uses and uses in the general vicinity, as immediately adjacent to the proposed energy storage system/facility there are two existing Ameren utility substations, one substation related to the adjacent commercial utility scale solar energy facility, and the remaining adjacent use are either vacant woods or farmland, excepting one residence which is a participating property/owner of the site in question.
- (7) The Board placed the following additional conditions on the Special Use Permit:
 - (a) The Applicant/operator of the facility will continuously maintain the ground cover and any vegetation planted upon the property (including but not limited to mowing, spraying of weeds, and cutting brush and trees and keeping the same free of noxious weeds and invasive plants) throughout the life of the facility. Applicant/operator shall also continuously maintain the fence throughout the life of the facility in good working order and condition.

- (b) No overweight or oversized loads shall be delivered to the site, unless properly permitted by the appropriate road use authority.
- (c) Construction hours shall be limited to Monday through Friday, 7:00 a.m. to 5:00 p.m.; however, upon prior written approval by the St. Clair County Building and Zoning Department Administrator the hours and days during the week may be varied. No construction work is to be done on Saturdays, Sundays, evenings, or holidays, unless prior written approval is obtained from the St. Clair County Building and Zoning Department Administrator.
- (d) During excavation, site prep, or disturbance of soil onsite, any top soil shall be preserved and returned to its prior condition upon decommissioning of the facility, and all required and necessary erosion and storm water measures shall be undertaken by the Applicant at all times. The Applicant shall submit a storm water plan to the County's Highway Engineer for approval, and if a NPDES permit is required, Applicant shall obtain the appropriate NPDES permit from the proper governmental agency.
- (e) The Applicant and all other subsequent owners, agents, assigns, persons or entities that have any interest in, control over, or rights to the proposed commercial energy storage system/facility shall adhere to all applicable requirements of the St. Clair County Zoning Code, including but not limited to Section 40-5-33, and all conditions placed on this Special Use, as well as state law.
- (f) This Special Use permit shall be valid for a period of three (3) years from the date of its approval by the St. Clair County Board, unless within such period a building permit is obtained and construction is commenced. Extensions may be granted by the St. Clair County Zoning Board of Appeals for periods not exceeding one (1) year thereafter, if timely application is made prior to the expiration of the pending special use permit, and if the site plan remains substantially the same as that proposed in the initially approved site plan.
- (g) After the facility is constructed and becomes commercially operational, this Special Use permit shall be valid for a period of 20 years from the date the energy storage system/facility becomes commercially operational. "Commercially operational" will be the date when the facility has passed all testing and is officially authorized to provide energy by the applicable regional transmission organization to the grid. Applicant shall provide requisite proof of the commercial operational date to the St. Clair County Building & Zoning Administrator within seven (7) days of Applicant's receipt or notice that it is officially authorized to provide energy by the regional transmission organization to the grid.
- (h) The Applicant shall post with the County all applicable bond amounts as required by County Code and state law, and in such acceptable form required by the County; however, the Applicant shall post the full amount of the bond, without deduction of salvage value, at the time of requesting/applying for the building permit. Applicant shall submit all finalized documentation and provide the appropriate and approved bond form in the proper agreed upon amount prior to being issued a building permit.
- (i) The Applicant shall coordinate with all applicable first responders to ensure that they are aware of any and all measures to be taken if/when responding to an emergency event onsite, including but not limited to the providing of a "Knox Box", appropriate safety signage, emergency response plan (and any updates), and any necessary training to local first

responders on at least an annual basis or upon a more frequent basis that may be requested by the local fire departments in the area (i.e., Fayetteville F.D., Mascoutah F.D., St. Libory F.D., & St. Clair Special Emergency Services) at Applicant's sole cost and expense.

WHEREAS, the County Board of St. Clair, Illinois, concur with the aforesaid findings, conditions and recommendations of the Zoning Board of Appeals;

NOW, THEREFORE BE IT RESOLVED, by the County Board of St. Clair County, Illinois, that the request for a **SPECIAL USE PERMIT** be granted.

ADOPTED, this 31st day of August, 2026.

COUNTY BOARD
ST. CLAIR COUNTY, ILLINOIS

BY: 

MARK KERN, CHAIRMAN

ATTEST:

THOMAS HOLBROOK, COUNTY CLERK

St. Clair County Zoning Board of Appeals ADVISORY REPORT TO THE ST. CLAIR COUNTY BOARD

ADVISORY REPORT 2026-02-SP

Application By: White Clover BESS, LLC 353 N. Clark Street, #3000, Chicago, IL

Owner: Eugene & Nancy Stein, 10517 Bee Hollow Road, Mascoutah, IL

Application Filed: 06/04/2026

Publication Date: 07/19/2026

Hearing Dates: 08/06/26@ 6:00 p.m.

Request: A Special Use Permit to allow a 200 MW Energy Storage System on 19.96 +/- acres in an Agricultural Industry Zone District, on property commonly known as XXXX Bee Hollow Road, Mascoutah, Fayetteville Township, Illinois (PPN: 19-09.0-300-036).

Zoning Board of Appeals Members Present: S. Penny, A. Edwards, K. Heberer, S. Howell, S. Lindauer & P. Bergkoetter

County Board Members Present at Hearing: Ed Cockrell

Testimony, Evidence, and Public Comments:

Applicant was represented by attorney Savanna Barlow of the law firm Polsinelli. Also present and representing the Applicant were the following persons: Nicholas Brown, Lead Developer at RWE; Pedro Duarte, Fire Safety at RWE; and Liam Sawyer, Engineer at Kimley Horn.

Prior to the hearing, the Applicant submitted a comprehensive application packet containing numerous supporting documents required by County Zoning Code and State statute. Such is noted as being part of the record of this file/application.

Ms. Barlow provided an initial overview of the project, which was followed by Mr. Brown providing a detailed PowerPoint presentation regarding the Applicant, the project and the benefits of the project. The PowerPoint slides are part of the record of this file/application. Mr. Brown explained that the owner/Applicant of this project is White Clover BESS, LLC, which is a wholly owned subsidiary of RWE Americas, LLC ("RWE"). RWE is the third largest renewable energy company in the United States. It has over 200+ projects in the U.S., and has a \$19 billion planned net investment in the United States. RWE has projects in various phases in 25+ states, which include six BESS facilities generating over 500 MW in power. In Illinois RWE has 1 GW of installed renewable energy projects, 4 GW in development and construction, and has invested \$1.7B in Illinois to date.

Mr. Brown described generally the need for renewable energy, energy storage in Illinois and the United States, and how such makes the energy grid more reliable. He then generally described how energy storage works—excess energy is generated during low demand periods, it is then stored in energy storage systems/BESS, and during periods of high demand the energy that is stored is then released into the power grid.

Mr. Brown described generally how an energy storage system/BESS would appear, including the battery components of the system, the transfer point from the system to the grid via a nearby connected utility substation, and the standards (electrical and safety) to which an energy storage system/BESS must be constructed.

Mr. Brown described the facility at hand as a 200 MW facility, located within 1.5 miles of Fayetteville, Illinois, in Fayetteville Township, on a 19.96 +/- parcel, that is zoned agricultural. If approved, construction of the facility will start in the fourth quarter of 2027 and would be completed in the fourth quarter 2028. The project is expected to generate approximately \$21 million in property taxes over its 20-year life span. It will create 100+ jobs during the construction phase, and will generate additional jobs once completed and operational. Mr. Brown also described how he has been working with the local township road district commissioner (Mitchel Hummert) to work out road access to the facility, a planned entrance to the facility, use and maintenance of Bee Hollow Road during the construction phase of the project, and ultimately a road use agreement. Mr. Hummert was present at the hearing and confirmed their discussions and had no objections to the proposed facility. Mr. Hummert also stated that he is willing to work with the Applicant to arrive at a mutually agreeable road use agreement, but at the end of the day the Applicant and RWE need to repair any damage caused to the road in question and leave it in good condition for local vehicle traffic.

Mr. Brown, as well as Mr. Sawyer, testified that the project meets or exceeds all required County and State setbacks—the closest non-participating residence is approximately 1,935.97 ft. away from the project (Code and State law requires 150 ft.). Mr. Brown, as well as Mr. Duarte, testified how the facility complies with NFPA requirements, and the how RWE handles emergencies on site. Mr. Durate further testified as to how the system is remotely monitored by two different parties at two different remote locations, how the facility can be monitored while on site, and generally cybersecurity issues. Mr. Duarte explained the various detection systems installed in the battery containers—fire detection, smoke detection, heat detection, gas detection, as well as thermal runaway detection. He described how a thermal runaway is handled if such would occur. Mr. Durate testified that RWE has not had any issues to date with any of its other six energy storage/BESS facilities.

Mr. Sawyer further testified as to the lighting conditions on site, storm water, detention/retention basin, that no U.S. Army Corp of Engineer permits are needed, how the facility connects to energy grid through the adjacent Ameren substation, decommissioning and the estimated cost to decommission.

Mr. Brown further testified that the Applicant has applied to all required governmental agencies such as the U.S. Army Corp of Engineers, IDNR, and the Illinois State Historic Preservation Office and either no permits are needed or no further studies or action is required.

County Board Member Ed Cockrell described how the County has been proactive in adopting its own zoning code regarding energy storage facilities, but the County is restricted by State law requirements. He further stated that he has met with Mr. Brown and other representatives of the Applicant to gain knowledge about the proposed facility, and from what he has learned and heard at the hearing he has no objection to the application/petition.

The Zoning Board of Appeals members, as well as the Zoning Board of Appeals Attorney, questioned the Applicant's representatives at length regarding safety measures, security, fire protection, operations, types of batteries, taxation, road use, interconnection via Ameren, interconnection and approval with MISO, vegetation, signage, construction phase, decommissioning, drainage, as well as various other matters pertaining to the operation of the energy storage facility.

It is noted that the LESA score for the property in question is 153 (low for agricultural retention), per the St. Clair County Soil & Water Conversation District.

Witnesses having been sworn, testimony and evidence presented, and the Zoning Board of Appeals being fully advised in the premises, hereby finds as follows:

The Board made the following findings of fact:

1. The land in question is located in an "A" Agricultural Industry Zone District. The proposed facility is bordered on the north by an Ameren substation and a substation for the adjacent commercial utility scale solar energy facility; on the east by the commercial utility scale solar energy facility; on the south by a farm field and woods; and on the west by second Ameren substation, as well as the participating property owner's residence. The property is shielded from view by traffic on Illinois State Route 15 and is partially shielded from view from traffic on Bee Hollow Road. Setbacks from nonparticipating residential properties, property lines and public right of ways meet or exceed County and State requirements, per the plans submitted.
2. The Applicant is requesting a special use permit to construct a 200 MW commercial energy storage system/facility on a footprint of approximately 19.96 +/- acres. Construction will take approximately 12-15 months to complete once commenced. Anticipated construction start date will be sometime in the fourth quarter of 2027. The roadway to be utilized for permanent access and by construction traffic is Bee Hollow Road. The Applicant will need to obtain a road use agreement with the local road district and obtain all necessary ingress/egress and transportation permits prior to starting construction.
3. The project will include approximately 100 containers containing lithium-ion battery cell units and a switcher station (connects battery storage to local utility). The facility will be connected to the adjacent Ameren substation via overhead lines that will be constructed to applicable standards.
4. Access to the project will come from Bee Hollow Road on a narrow strip of ground that is just south and adjacent to the property owner's residence. An access roadway will then traverse the property owner's ground in an east and then north fashion until it connects with the larger and more uniform portion of the parcel in question where the energy storage facility is to be situated inside a fenced perimeter. The location and specifications of the entrance way off of Bee Hollow Road is to be approved by the local road district commissioner.
5. While the majority of the energy storage facility will be comprised of aggregate rock, any areas of bare ground will be appropriately planted and maintained pursuant to the Application's vegetative maintenance/management plan submitted and agreed upon, throughout the life of the facility.
6. Once the project has been constructed there will be minimal added traffic on a daily basis. The only additional traffic will be for periodic inspection and maintenance.
7. Any sound created by the completed commercial energy storage system/facility will be minimal and within the limits as provided by the State of Illinois and the St. Clair County Zoning Code.
8. The perimeter of the project site will be fenced with a 7 foot-tall, chain link style fence, with metal-galvanized posts, with all appropriate and required signage.
9. The proposed setbacks of the project area will either meet or exceed County requirements and comply with current state statutes regarding nonparticipating residential properties, property line borders, and public right of way, according to the site plan submitted.
10. The Applicant has submitted a decommissioning plan, which contains the total probable value decommission costs (without deduction for salvage value) as determined by an Illinois licensed professional engineer, at the time of

submission, in the amount of \$14,454,119.86. The decommission cost estimate shall be updated pursuant to County Code and State law.

11. The LESA rating for this parcel is 153, which is low for agricultural retention.

The Board found and concluded as follows:

- (1) Whether the proposed design, location, development and operation of the proposed Special Use will adequately protect the public health, safety, and welfare and the physical environment. **The Board found as follows:** The proposed design, location, development, and the operation of the proposed commercial energy storage system/facility adequately protects the public's health, safety and welfare, and physical environment. There will be adequate safety systems and fire systems in place, including an emergency response plan; there will be a thorough and approved decommissioning plan in place with financing for the decommissioning of the project per a bond or other financial surety instrument provided to the County; the site will be fenced with a chain link fence and galvanized metal posts, which shall include adequate warning signage; the Applicant will be required to coordinate with applicable emergency personnel to provide for proper planning and access during an emergency event; all appropriate storm water measures will be implemented and installed; and the site will be appropriately and continuously maintained throughout its life span pursuant to a maintenance plan/schedule.
- (2) Whether the proposed Special Use is consistent with the County's Comprehensive Plan. **The Board found as follows:** The proposed Special Use will not have an adverse impact on the County's Comprehensive Plan, as said "Plan" calls for agricultural use. The site in question is rural in nature, contains agricultural ground, and is adjacent to other ground that is either zoned and/or used for agricultural purposes or used for renewable energy or energy transmission purposes. State law has found that an energy storage facility is a compatible use in agricultural zoned areas. Additionally, the LESA score 153, is a low score for agricultural retention, and such demonstrates that continued use for row crop purposes is not ideal or productive. Therefore, the development and transition of this parcel into a commercial energy storage system/facility would be consistent with the County's Zoning Code and state law.
- (3) The effect the proposed Special Use may have on the value of the neighboring property and on the County's overall tax base. **The Board found as follows:** The proposed Special Use will have a positive impact on the County's overall tax base. The neighboring properties consist of farm fields, woods, a residence (participating residence), utility substations, and a commercial utility scale solar energy facility. Thus, the proposed project will have minimal impact on the value of neighboring properties.
- (4) The availability and the effect the proposed Special Use would have on the public utilities and on traffic circulation on nearby streets. **The Board found as follows:** The proposed Special Use will enhance the supply of electric utilities to the area and would add stability and resiliency to the local power grid. Further, the proposed Special Use will create no burden on existing utilities. In addition, the proposed Special Use will not lead to an increase in traffic after it is constructed, as the only additional traffic will consist of vehicles visiting the site for periodic maintenance and inspection, and Bee Hollow Road (with any necessary repairs or upgrades required by the road district authority) and the connecting roadway system is adequate to support the increase in temporary construction traffic.
- (5) Whether there are any facilities near the proposed Special Use (such as schools or hospitals) that require special consideration. **The Board found as follows:** There are no facilities near the proposed Special Use that require special consideration.
- (6) Whether the proposed Special Use is compatible to adjacent uses and uses in the general vicinity. **The Board found as follows:** The proposed Special Use is compatibility to adjacent uses and uses in the general vicinity, as

immediately adjacent to the proposed energy storage system/facility there are two existing Ameren utility substations, one substation related to the adjacent commercial utility scale solar energy facility, and the remaining adjacent use are either vacant woods or farmland, excepting one residence which is a participating property/owner of the site in question.

(7) The time period for which the Special Use Permit should be granted or any special requirements for certification of continued compliance with the terms of approval. **The Board found as follows:** The Board placed the following additional conditions on the Special Use Permit:

- (a) The Applicant/operator of the facility will continuously maintain the ground cover and any vegetation planted upon the property (including but not limited to mowing, spraying of weeds, and cutting brush and trees and keeping the same free of noxious weeds and invasive plants) throughout the life of the facility. Applicant/operator shall also continuously maintain the fence throughout the life of the facility in good working order and condition.
- (b) No overweight or oversized loads shall be delivered to the site, unless properly permitted by the appropriate road use authority.
- (c) Construction hours shall be limited to Monday through Friday, 7:00 a.m. to 5:00 p.m.; however, upon prior written approval by the St. Clair County Building and Zoning Department Administrator the hours and days during the week may be varied. No construction work is to be done on Saturdays, Sundays, evenings, or holidays, unless prior written approval is obtained from the St. Clair County Building and Zoning Department Administrator.
- (d) During excavation, site prep, or disturbance of soil onsite, any top soil shall be preserved and returned to its prior condition upon decommissioning of the facility, and all required and necessary erosion and storm water measures shall be undertaken by the Applicant at all times. The Applicant shall submit a storm water plan to the County's Highway Engineer for approval, and if a NPDES permit is required, Applicant shall obtain the appropriate NPDES permit from the proper governmental agency.
- (e) The Applicant and all other subsequent owners, agents, assigns, persons or entities that have any interest in, control over, or rights to the proposed commercial energy storage system/facility shall adhere to all applicable requirements of the St. Clair County Zoning Code, including but not limited to Section 40-5-33, and all conditions placed on this Special Use, as well as state law.
- (f) This Special Use permit shall be valid for a period of three (3) years from the date of its approval by the St. Clair County Board, unless within such period a building permit is obtained and construction is commenced. Extensions may be granted by the St. Clair County Zoning Board of Appeals for periods not exceeding one (1) year thereafter, if timely application is made prior to the expiration of the pending special use permit, and if the site plan remains substantially the same as that proposed in the initially approved site plan.
- (g) After the facility is constructed and becomes commercially operational, this Special Use permit shall be valid for a period of 20 years from the date the energy storage system/facility becomes commercially operational. "Commercially operational" will be the date when the facility has passed all testing and is officially authorized to provide energy by the applicable regional transmission organization to the grid. Applicant shall provide requisite proof of the commercial operational date to the St. Clair County Building & Zoning Administrator within seven (7) days of Applicant's receipt or notice that it is officially authorized to provide energy by the regional transmission organization to the grid.

- (h) The Applicant shall post with the County all applicable bond amounts as required by County Code and state law, and in such acceptable form required by the County; however, the Applicant shall post the full amount of the bond, without deduction of salvage value, at the time of requesting/applying for the building permit. Applicant shall submit all finalized documentation and provide the appropriate and approved bond form in the proper agreed upon amount prior to being issued a building permit.
- (i) The Applicant shall coordinate with all applicable first responders to ensure that they are aware of any and all measures to be taken if/when responding to an emergency event onsite, including but not limited to the providing of a "Knox Box", appropriate safety signage, emergency response plan (and any updates), and any necessary training to local first responders on at least an annual basis or upon a more frequent basis that may be requested by the local fire departments in the area (i.e., Fayetteville F.D., Mascoutah F.D., St. Libory F.D., & St. Clair Special Emergency Services) at Applicant's sole cost and expense.

A motion was made by A. Edwards, to **GRANT** the request, with the above conditions. The motion was seconded by S. Lindauer. The members of the Board voted as follows: S. Penny-Yes, A. Edwards-Yes, K. Heberer-Yes, S. Howell-Yes, S. Lindauer-Yes, and P. Bergkoetter-Yes. The motion carried (6 to 0).

IT IS THEREFORE THE RECOMMENDATION OF THE ST. CLAIR COUNTY ZONING BOARD OF APPEALS THAT THE REQUESTED SPECIAL USE PERMIT BE *GRANTED* FOR THE AFOREMENTIONED REASONS AND WITH THE AFOREMENTIONED CONDITIONS BY A MAJORITY OF ALL MEMBERS PRESENT.

Karrey Crowe
Secretary, St. Clair County Zoning Board of Appeals

St. Clair County Intergovernmental Grants Committee
St. Clair County Intergovernmental Grants Department
19 Public Sq Ste 200 Belleville, Illinois

Dear Members of the Board of Directors:

We have audited the financial statements and governmental activities and each major fund of St. Clair County Intergovernmental Grants Department (the "Organization") for the year ended December 31, 2025, and have issued our report thereon dated August 7, 2026. Professional standards require that we provide you with the following information related to our audit:

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America and the Uniform Guidance

As stated in our engagement letter dated January 6, 2026, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

Our responsibility for the supplementary information accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

In planning and performing our audit, we considered the Organization's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance.

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also, in accordance with the Uniform Guidance, we examined, on a test basis, evidence about the Organization's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the purpose of expressing an opinion on the Organization's compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the Organization's compliance with those requirements.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope, timing, and with respect to significant risks identified by us, all of which were previously communicated to your representative, Mark Kern, communicated in our letter dated May 19, 2026, in addition to our engagement letter dated January 1, 2026, accepted by Rick Stubblefield.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Organization are described in Note 1 to the financial statements. As described in Note 1 to the financial statements, the Organization changed accounting policies related to compensated absences and certain risk disclosures by adopting Statements of Governmental Accounting Standards (GASB Statements) Nos. 101 and 102, in year 2025. Accordingly, there was no financial impact to the financial statements for the implementation of GASB No. 101 and GASB No. 102.

We noted no transactions entered into by the Organization during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements were collectability of loans receivable, depreciable lives, and functional allocation of costs.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements With Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 7, 2026, a copy of which accompanies this letter.

Management Consultations With Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Organization's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not, in our judgment, a condition of our retention.

Other Matters

Required Supplementary Information Accompanying Audited Financial Statements

We applied certain limited procedures to the management's discussion and analysis, and the schedules of employer's proportionate share of the net position liability and employer contributions – IMRF, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Supplementary Information Accompanying Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Other Information in Documents Containing Audited Financial Statements

The auditor's responsibility for other information in documents containing audited financial statements does not extend beyond the financial information identified in our report, and we have no obligation to perform any procedures to corroborate other information contained in a document. Our responsibility is to read the other information and consider whether such information, or the manner of its presentation, is materially inconsistent with information, or the manner of its presentation, appearing in the financial statements. We are not aware of any documents or other information containing audited financial statements.

Internal Control Matters

In planning and performing our audit of the financial statements of St. Clair County Intergovernmental Grants Department as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses, and therefore significant deficiencies and material weaknesses may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

During our audit we did not identify any deficiencies in internal control.

This communication is intended solely for the information and use of the management, the audit committee, Board of Directors, others within the St. Clair County Intergovernmental Grants Department, federal awarding agencies, and pass-through entities and includes a description of the scope of our testing of internal control over financial reporting and the results of that testing. The communication related to considering the Organization's internal control over financial reporting is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Organization's internal control over financial reporting. Accordingly, this communication is not intended to be, and should not be, used by anyone other than these specified parties.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

We appreciate the opportunity to be of service to St. Clair County Intergovernmental Grants Department.

Sincerely,

Wipfli LLP

Wipfli LLP

August 12, 2026

To the St. Clair County Flood Prevention District Commissioners

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of St. Clair County Flood Prevention District for the year ended September 30, 2025. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 2, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by St. Clair County Flood Prevention District are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by St. Clair County Flood Prevention District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 12, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to St. Clair County Flood Prevention District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as St. Clair County Flood Prevention District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the management's discussion and analysis section, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were not engaged to report on the Introductory Section, which accompany the financial statements but is not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the information and use of St. Clair County Flood Prevention District and management of St. Clair County Flood Prevention District and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

SCHEFFEL BOYLE
Belleville, Illinois

Chairmen Kern, Slusser, and Green:

In accordance with the Illinois Flood Prevention District Act (70 ILCS 750/40), I am forwarding herewith the proposed 2026-2027 budget for the Southwestern Illinois Flood Prevention District Council. This budget maintains the practice of limiting administrative costs and focusing our budget on program costs, i.e., capital improvements to the flood prevention system. This budget was approved by the Board of Directors of the Council at today's meeting on August 19, 2026 and now requires the approval of the county boards of Madison, Monroe, and St. Clair counties.

In addition, I am forwarding the Annual Report of the Council for the fiscal year concluding September 30, 2026, also as required by law. As you are aware, total accreditation of all the Metro East Levee Systems was achieved in April 2022.

The Council achieved its interim goal of attaining FEMA flood protection standards and obtaining accreditation, using only the funds generated from the dedicated flood sales tax.

a regional partnership to rebuild Mississippi River flood protection

The Council continues concentrating on the completion of the Authorized Level Projects.

The March/July 2019 flood event (second highest event on record at 46.02 ft. and the longest flood event on record at 126 days), tested the seventy-five million dollars of flood protection improvements the Council built. However, all improvements performed as designed and the Metro East American Bottom Levees managed the event better than ever before.

Increased sales tax receipts, due to the "Leveling the Playing Field Act" passed by the state of Illinois, will allow the Council to totally fund all the Authorized Level Projects and pay off our existing bonds early.

The support of the leadership of the three counties has been a key factor in our progress, and we look forward to working with each of you to achieve the Authorized Level of Protection to the Metro East area.

Please call me if you have any questions or if the county board requires any additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles M. Etwert".

Chairmen Kern, Slusser, and Green:

Transmitted herewith is the 2025-2026 Annual Report of the Southwestern Illinois Flood Prevention District Council. The submission of this report is in satisfaction of the requirement of our authorizing statute (70 ILCS 750/40).

Since its creation the Council has had two primary goals: accreditation by the Federal Emergency Management Agency (FEMA) of the Metro East Levee Systems and achieving the Authorized Level of Protection to the extent possible with the funds available.

In FY 2022, total accreditation for all the Metro East Levee Systems was successfully completed. The Council achieved its interim goal of attaining FEMA flood protection standards and obtaining accreditation, using only the funds generated from the dedicated flood protection sales tax.

The Council anticipates FEMA eventually issuing new maps, reflecting the 100-Year Improvements. New maps have been anticipated for the last few years. Hopefully, they will be issued in the near future.

a regional partnership to rebuild Mississippi River flood protection

The Council continues to work with the Corps of Engineers regarding the Council's design and building of the 500-Year Authorized Level of Protection Projects, building the most cost effective and highest priority flood protection projects throughout the Counties of Madison, Monroe, and St. Clair, Illinois to restore the federally Authorized Level of flood protection in the Metro-East.

The Corps of Engineers will provide oversight on the design and construction of these projects, to ensure that funds expended by the Council, where applicable, will be eligible for Work In-Kind (WIK) Credit and Lands, Easements, Rights-of-Way, Relocation, Disposal Areas (LERRDs) Credit. These credits will be utilized to satisfy the non-federal partner thirty-five percent share requirement by the Corps of Engineers.

The Council has submitted and received approval of \$18,511,755.89 of WIK Credit and LERRDs Credit for the Wood River Levee System. In the East St. Louis/MESD Levee System the Council has submitted and received approval of \$26,206,690.17 of WIK Credit and LERRDs Credit. Additional WIK Credit and LERRDs Credit will be submitted for both the Wood River and East St. Louis/MESD Levee Systems as work is completed. To satisfy the non-federal sponsor five percent cash requirement, the Council has contributed \$9,553,254.02 to the Wood River Levee System and \$7,815,650.00 to the East St. Louis/MESD Levee System.

The Council's FY 2027 budget focuses on the continued design of Authorized Level projects, the completion of Bid Package #11 and starting construction on Bid Packages #9, #15, and #18A. These projects have been delayed by the lengthy review/approval process of the Corps of Engineers and the Corps at times changing criteria or providing revised data creating redesign.

The May/June 2019 100-Year flood event (the second highest event on record at 46.02 ft., and the longest flood event on record at 126 days), tested the seventy-five million dollars of flood protection improvements the Council has built. All improvements performed as designed and the Metro East American Bottom Levees managed the event much better than ever before. Fortunately, there have been no major flood events in the last five years. This follows three major flood events in the previous four years.

With the states' "Leveling the Playing Field Act" being changed with online purchases now subject to destination-based Retailers' Occupation Tax (ROT), sales tax receipts continue to increase significantly. FY 2026 sale tax revenues are projected to be \$24.8 million, an increase of 22.0% over FY 2025 and FY 2027 revenues are conservatively projected to increase another 5.0% over FY 2026 receipts to \$26.1 million.

With these increases in revenue, the Council will have sufficient funds to complete all the Authorized Level of Protection Projects by FY 2030 without the issuance of a third bond issue and pay off existing bonds early. Once all of the Authorized Level projects have been bid and awarded, the Council intends to initiate the early payoff of our existing bonds.

Corps review and approval times will determine the final construction schedule.

The Counties provided \$29,469,961 of their FPD sales tax funds to the Council in April 2024 for the 500-Year Authorized Level Projects. There is currently \$58,109,429 in the three County FPD sales tax funds. It is currently anticipated that these funds will be requested in the fall of 2027.

In summary, I am pleased to report on behalf of our Board of Directors, that we continue to make progress in building and financing significant improvements to the flood protection systems in the Metro-East.

Thank you for your continued support of our efforts.

Sincerely,

A handwritten signature in dark ink, appearing to read "Charles M. Ewert". The signature is fluid and cursive, with the first name "Charles" being the most prominent.

Charles M. Ewert
Chief Supervisor of Construction and the Works

FINANCE COMMITTEE

August 31, 2026

Honorable Mark A. Kern, Chairman
St. Clair County Board
10 Public Square, Room B-561
Belleville, IL 62220

County Board Members:

The Salary Claim Sheets for the month of August 2026 are hereby submitted to this Honorable Body for approval by unanimous vote.

Respectfully submitted,

FINANCE COMMITTEE
St. Clair County Board

August 31, 2026

Honorable Mark A. Kern, Chairman
St. Clair County Board
#10 Public Square, Room B-561
Belleville, IL 62220

County Board Members:

We, the Claims Subcommittee of the Finance Committee, submit to this Honorable Body the attached Expense Claim Sheet for the month of August 2026.

We have checked all claims charged against the county appearing on the Claim Sheet and believe them to be in order. If there are any changes, we will handle them verbally when the matter comes to the floor of the County Board.

Accordingly, we recommend they be allowed and approved by unanimous vote.

Respectfully submitted,

CLAIMS SUBCOMMITTEE OF THE
FINANCE COMMITTEE

**AN ORDINANCE Establishing No Parking On Either Side Of South Church
Street between South Belt East, IL RT 13, and Environmental Drive in ST.
CLAIR COUNTY, ILLINOIS
- 26-1326**

IT IS HEREBY DECLARED, by the County Board of St. Clair County, Illinois that a no parking zone be established for both sides of South Church Street as detailed above; and

BE IT FURTHER DECLARED that upon approval by this Board, signs giving notice thereof shall be erected in conformance with the standards and specifications contained in the Illinois Manual of Uniform Traffic Control Devices for Street and Highways.

NOW, THEREFORE, BE IT ORDAINED, by the St. Clair County Board, that no parking be established on both sides of South Church Street.

SECTION I. ERECTION AND NOTICE. This ordinance shall take effect from and after erection of said signs, giving notice of no parking.

SECTION II. PENALTY. Any person violating this Ordinance shall, upon conviction, be fined according to the provisions of the Revised Code of Ordinances of St. Clair County, Illinois.

SECTION III. SEPERABILITY. If any part or provision of this Ordinance, of the application thereof to any person, property, or circumstances is adjudged invalid by any court of competent jurisdiction, such judgment shall be confined in its operation and direction to the part, provision, section or application directly involved in the controversy in which such judgement shall have been rendered and shall not affect or impair the integrity of validity of the remainder of this Ordinance or the application there of to other persons, property or circumstances. The County Board hereby declares that it would have enacted the remainder of this Ordinance even without any such part, provision, section or application.

SECTION IV. CONFLICT WITH OTHER ORDINANCES. All Ordinances or parts of other Ordinances in conflict with the provisions of this Ordinance shall to the extent of the conflict, be and are, hereby repealed; provided nothing herein shall in any way excuse or prevent prosecution of any previous or existing violation of any Ordinance superseded hereby.

SECTION V. EFFECTIVE DATE. This Ordinance shall be in full force and effect from and after its passage and approval as provided in the Illinois Compiled Statues.

APPROVED AND ADOPTED at a meeting of the County Board of St. Clair County,
Illinois, this 31th day of August 2026.

RESOLUTION #3169-26-RT

WHEREAS, the St. Clair County Transit District has requested permission to construct a Bike Trail within the right-of-way of Bunkum Road, County Highway 34, from approximately US 50 to North of Emma Lane, known as the Bunkum Road Trail Phase 1, Sec 25-00354-04-BT; and

WHEREAS, an agreement has been prepared, a copy hereto attached, between St. Clair County and the St. Clair County Transit District which provides for division of costs, maintenance responsibilities and other conditions.

NOW, THEREFORE, BE IT RESOLVED, that the terms and conditions of said Agreement are satisfactory and meet with the approval of the County Board; and

BE IT ALSO RESOLVED, the Chairman of this County Board be, and he is, hereby authorized and directed to execute the said Agreement on behalf of the County.

APPROVED AND ADOPTED at a meeting of the County Board of St. Clair County, Illinois, this 31st day of August 2026.

JUDICIARY COMMITTEE

AGREEMENT

This AGREEMENT is entered into effective as of the date of the last party to sign this AGREEMENT, by and between the COUNTY OF ST. CLAIR, ILLINOIS, hereinafter referred to as the "COUNTY" and the ST. CLAIR COUNTY TRANSIT DISTRICT, hereinafter referred to as "SCCTD" (each a "Party" and collectively referred to herein as the "Parties")

WITNESSETH

WHEREAS, the parties hereto, in order to facilitate the free flow of traffic-while providing for the development of a shared-use pedestrian and bicycle path (hereinafter referred to as the "PROJECT"), St. Clair County Dept. of Roads & Bridges Sec. 25-00354-04-BT Bunkum Road Trail Phase 1; and,

WHEREAS, the Parties hereto are desirous of said Project in that the same will be of immediate benefit to the residents of the county and permanent in nature.

NOWHEREFORE, in consideration of the mutual covenants contained herein, the Parties hereto agree as follows:

1. It is mutually agreed that the PROJECT will be designed and constructed in accordance with Illinois Department of Transportation (IDOT) and the American Society of State Highway Transportation Officials (ASSHTO) standards, policies and procedures. SCCTD will operate and maintain the trail.
2. The COUNTY will allow SCCTD to construct the PROJECT on Bunkum Road right-of-way, from US 50 (Sta. 3+50) to north of Emma Lane (10+70). This section of trail is known as Bunkum Road Trail Phase 1.
3. The SCCTD agrees to make or cause to be prepared the plans and specifications for the PROJECT and award the contract to a contractor, prequalified with IDOT pursuant to an open bid process. The SCCTD also agrees to acquire right-of-way or easements necessary to complete the PROJECT.
4. The SCCTD agrees to pay for all the construction costs associated with the improvements as agreed to by the parties.
5. The SCCTD agrees to coordinate the PROJECT with the various utility companies and to pay all eligible utility adjustment costs for the entire PROJECT.
6. The SCCTD agrees to provide the observation and oversight during construction and cause the improvements to be constructed in accordance with the plans, specifications and contract.

7. The SCCTD agrees to own and maintain, or cause to be maintained, the shared-use path, pedestrian ramps, any required drainage appurtenances, signs, sign posts, bike trail equipment and pavement marking constructed as part of the PROJECT.
8. SCCTD agrees to maintain the frontslopes and/or backslopes of the roadway embankment from from the back of barrier curb to the right-of-way line. The level of said maintenance shall be at the discretion of the County Engineer, consistent with other like-property of similar use and condition.
9. SCCTD will assume all risk and liability of accidents and damages that may accrue to persons or property on account of this work.
10. Should the COUNTY's future construction or operations require any temporary removal/replacement, alteration or change of location of the work associated with this PROJECT, said removal/replacement, alteration or change of location shall be made by the SCCTD without expense to the COUNTY.
11. This agreement embodies the entire understanding of the Parties with respect to the subject matter hereof and shall be binding and inure to the benefits of the parties, their successors and assigns.
12. Each party agrees to be responsible for their own actions and indemnify and hold harmless the other party from any liability whatsoever as to the third parties for such actions, including but not limited to personal injury, property damage, court costs, attorney's fees and interest.
13. The SCCTD agrees to cause its contractor to provide both property damage and liability insurance for the project in accordance with the attached "St. Clair County Standard Insurance Certificate Requirements." In order to protect the interest of St. Clair County and the Public Building Commission of St. Clair County, the SCCTD agrees that such policies of insurance shall name each of St. Clair County and the Public Building Commission of St. Clair County, IL, as additional insured with all costs to be paid by the Contractor.
14. No Party may assign this Agreement without obtaining express, written consent from the other Parties prior to assignment.
15. Any controversy or claim, whether based upon contract, statute, tort, fraud, misrepresentation or other legal theory, related directly or indirectly to this Agreement whether between Parties, or any of the Parties' employees, agents or affiliated businesses, will be resolved under the laws of the State of Illinois, in any court of competent jurisdiction in St. Clair County, IL.
16. The terms hereof shall not be construed in favor of or against any Party, but shall be construed as if jointly prepared by the Parties, it being understood and agreed that each Party hereto had sufficient opportunity to participate in the drafting of this Agreement and to seek legal advice in relation hereto.
17. This writing constitutes the entire agreement between the Parties hereto with respect to the

subject matter hereof. It supersedes all prior oral and written understandings, agreements, representations, and negotiations. This Agreement shall be governed by and construed in accordance with the laws of the state of Illinois. This Agreement may be signed in counterparts.

18. No waiver by either Party of any default in performance on the part of the other Party, or of any breach or series of breaches, or any of any term, covenant, or condition of this Agreement will constitute a waiver of any subsequent breach or waiver of any term, covenant or condition of this Agreement.
19. If any provision of this Agreement shall be held to be void or unenforceable for any reason, said provision shall be deemed modified so as to constitute a provision conforming as nearly as possible to said void or unenforceable provision while still remaining valid and enforceable, and the remaining terms or provisions hereof shall not be affected thereby.
20. No modification of this Agreement shall be effective unless in writing and signed by the Parties hereto. Nothing contained in this Agreement shall constitute or be construed to be a partnership or joint venture between the Parties or their respective successors and assigns.
21. This Agreement may be executed by facsimile, electronic or original signature of the Parties and in counterparts which, assuming no modification or alteration, shall constitute an original and when taken together, shall constitute one and the same instrument.
22. The terms and provisions of Sections 14-21 shall survive the expiration, termination or completion of this Agreement.

RESOLUTION #3175-26-RT

WHEREAS, pursuant to duly published notices, bids for Section 26-00000-00-GM, which provides for the oil and chip sealing and in some cases, pavement striping, of various County Highways were received in the office of the County Engineer, 1415 North Belt West, Belleville, IL. 62226, until 2:30 P.M., August 10, 2026, at which time they were publicly opened and read, said construction being done under the provisions of the Illinois Highway Code; and

WHEREAS, the sole bid received was:

Amount Bid

DMS Contracting, Inc. 10243 Fuesser Road PO Box 122 Mascoutah, IL	\$1,298,496.30
--	----------------

and,

WHEREAS, the low bid of **\$1,298,496.30** submitted by **DMS Contracting, Inc.** 10243 Fuesser Road, PO Box 122, Mascoutah, IL, is 8% higher than the engineer's estimate of cost of \$1,201,139.18, as prepared by the St. Clair County Dept. of Roads & Bridges.

NOW, THEREFORE, BE IT RESOLVED, by the St. Clair County Board that the contract for the construction of Section 26-00000-00-GM along various County Highways be and the same is, hereby awarded to DMS Contracting, Inc. 10243 Fuesser Road, PO Box 122, Mascoutah, IL.

BE IT FURTHER RESOLVED, that the Chairman of this Board be, and he is, hereby authorized and directed to enter into this contract, on behalf of the County, with DMS Contracting, Inc., for the construction of the above designated project in accordance with the proposal, plans and specifications prepared therefor; and

BE IT FURTHER RESOLVED that the County Clerk is hereby directed to transmit, via email, one (1) certified copy of this resolution to the Illinois Department of Transportation, through its Region Five Engineer's office in Collinsville, IL.

FINANCE COMMITTEE

RESOLUTION #3179-26-RT

WHEREAS, the State of Illinois, acting through its Department of Transportation and the County of St. Clair, jointly propose to improve the intersection of County Highway 96, Ashland Avenue, FAU 9163, and Old Collinsville Road, FAU 9168, by constructing a south-bound right turn lane, designated as Section 19-00276-07-PW, Project No. K9XL(969), Job No. C-98-027-22; and,

WHEREAS, the above stated improvement will necessitate the use of funding provided through the Illinois Department of Transportation (IDOT), and signee,

WHEREAS, the use of these funds requires a joint funding agreement (Agreement) to be entered into between the County and State for the above stated improvement, a copy of which is attached hereto; and

WHEREAS, the improvement requires matching funds; and

NOW, THEREFORE, BE IT RESOLVED, by the County Board of St Clair:

Section 1: The County Board hereby appropriates \$303,710.00 from County Matching Funds or as much as may be needed to match the required funding to complete the proposed improvement from local funds and furthermore agrees to pass a supplemental resolution if necessary to appropriate additional local funds for completion of the project.

Section 2: The County Board Chairman is hereby authorized to execute an agreement with IDOT for the above-mentioned project.

Section 3: This resolution will become Attachment 3 of the agreement.

BE IT FURTHER RESOLVED, that the County Clerk is hereby directed to transmit four (4) copies of the said Agreement duly executed by the County and four (4) copies of this resolution, duly certified, to the Illinois Department of Transportation, through its District 8 Bureau of Local Roads and Streets in Collinsville, IL.

APPROVED AND ADOPTED at a meeting of the County Board of St. Clair County, Illinois, this 31st day of August 2026.

RESOLUTION #3180-26-RT

WHEREAS, St. Clair County regularly purchases equipment necessary to construct and maintain roadways in a safe condition for the traveling public throughout St. Clair County; and

WHEREAS, this equipment deteriorates over time to the point that it can no longer perform its intended function and needs to be replaced.

NOW, THEREFORE, BE IT RESOLVED, that the following equipment is available for purchase and that the County Engineer is hereby authorized and directed to conduct such purchase for

1 Lazer ZX Series 37HP Zero Turn with Tractus Tires

NOW, THEREFORE, BE FURTHER RESOLVED, that there is hereby appropriated the sum of **\$17,399.00** from the Highway Equipment Trust Fund to complete said purchase; and,

BE IT FURTHER RESOLVED the purchase of these units to be designated as Section 26-00000-07-EQ.

APPROVED AND ADOPTED at a meeting of the County Board of St. Clair County, Illinois, this 31th day of August 2026.

RESOLUTION #3181-26-RT

WHEREAS the Bridge carrying Old Collinsville Road over Richland Creek is to be replaced. A contract with Volkert, Inc. anticipated doing the work under traffic. After serious consideration for the safety of both the public and the workers it has been decided to close the road during construction; and,

WHEREAS, the consultant, Volkert, Inc., is required to perform work beyond the initial scope of the project on Section 22-00276-14-BR; and,

WHEREAS, the Department has negotiated an Agreement with Volkert, Inc., to perform said additional duties on a cost-plus fixed fee basis at an estimated additional cost of \$42,486.00, (A copy of said Agreement is on file in the Engineer's Office).

NOW THEREFORE BE IT RESOLVED, that the Chairman of this Board, be and he is, hereby authorized and directed to execute the Agreement on behalf of the County, with the above said Volkert, Inc.; and,

BE IT ALSO RESOLVED, that the County's portion of the services to be performed under the above said Agreement will be paid from the County Bridge Fund.

BE IT FURTHER RESOLVED that the County Clerk is hereby directed to transmit, via email, one (1) certified copy of this resolution to the Illinois Department of Transportation, through its Region Five Engineer's office in Collinsville, IL.

APPROVED AND ADOPTED at a meeting of the County Board of St. Clair County, Illinois, this 31st day of August 2026.

RESOLUTION NO. 3182-26-R

RESOLUTION AUTHORIZING THE COUNTY'S ACQUISITION OF ALL TAX CERTIFICATES FOR PROPERTIES ON THE 2025 DELINQUENT PROPERTIES PARCEL LIST AT THE 2026 REAL ESTATE TAX SALE

WHEREAS, Public Act 104-0553 (House Bill 4537) amends 35 ILCS 200/21-190 to provide that in counties with fewer than 3,000,000 inhabitants, a county board may, in its discretion, submit to the collector a list of any properties for which an application for judgment has been made pursuant to Section 21-150 of the Property Tax Code, and that the county's submission of this list shall be considered its offer to purchase the property or properties included on the list at the tax sale, pursuant to the county's authority under subsection (a) of Section 21-90 of the Property Tax Code; and

WHEREAS, Public Act 104-0553 provides two paths for handling tax certificates: i. a Judicial Tax Deed Auction under Section 22-42 of the Property Tax Code for certificates held by private tax buyers, and, ii. a Tax Deed Auction under Section 21-90 of the Property Tax Code for certificates held by the County as Trustee for Taxing Districts. The Section 22-42 path imposes significant additional obligations and tasks on the Sheriff, Treasurer, and State's Attorney that, under the Section 21-90 path, can be handled more efficiently by the County Tax Agent, without additional cost or burden to the County or the Taxing Districts; and

WHEREAS, based on historical data, the benefit provided by the influx of funds from private tax buyers is insignificant, in light of the fact that approximately ninety-five percent (95%) of private tax buyer certificates redeem, and in light of (1) the stream of redemptions that begins immediately after the tax sale; (2) the burden on the County Treasurer in processing Sale in Error declarations, and the burden on the County Treasurer, Judges, and State's Attorney in contesting attempts to obtain inappropriate Sale in Error declarations; and (3) the outflow of refunds, often with interest, resulting from Sale in Error declarations; and

WHEREAS, the County Board of St. Clair County has determined that it is necessary, proper, and in the best interest of the County and the Taxing Districts it serves for the County to submit to the County Collector the 2025 Delinquent Properties Parcel List as the County's offer to purchase all properties and certificates identified on that list at the 2026 tax sale, pursuant to 35 ILCS 200/21-190(b).

NOW THEREFORE BE IT RESOLVED that the County Board of St. Clair County hereby authorizes and directs the submission to the County Collector, at least ten (10) days prior to publication as required by law, of the 2025 Delinquent Properties Parcel List, indicating the County's intent to acquire all tax certificates for all properties identified on that list at the 2026 tax sale, pursuant to 35 ILCS 200/21-190(b); and

FURTHER, the Director of Administration, herself or through her designee, is authorized to transmit the 2025 Delinquent Properties Parcel List, and Treasurer is hereby authorized to take all actions and execute all documents necessary and proper to carry out the purposes of this Resolution.

APPROVED AND ADOPTED at a regular meeting of the County Board of St. Clair County, State of Illinois, this 31st day of August 2026.

RESOLUTION NO. 3183-26-R

WHEREAS, the County of St. Clair has undertaken a program to collect delinquent taxes and to perfect titles to real property in cases where the taxes on the same have not been paid pursuant to 35 ILCS, Sec. 200/21-90 and 35 ILCS, Sec. 200/21-175 et seq.

WHEREAS, pursuant to this program the County of St. Clair has acquired an interest in the following described real estate:

(See attachment)

and it appearing to the Trustee Committee that it would be to the best interest of the County to dispose of its interest in said property.

THEREFORE, the Trustee Committee recommends the adoption of the following resolution:

BE IT RESOLVED BY THE COUNTY BOARD OF ST. CLAIR COUNTY, ILLINOIS, that the Chairman of the Board of St. Clair County, Illinois, be authorized to execute a deed of conveyance of the County's interest or authorize the cancellation of the appropriate certificate of purchase, as the case may be, on the above described real estate for the sum of Two Hundred Seventeen Thousand, Thirty and 56/100 Dollars (\$217,030.56) paid to the Treasurer of St. Clair County, Illinois, to be distributed according to law.

Adopted by roll call vote on the 31st day of August 2026.

Chairman, St. Clair County Board

August 12, 2026

Mark A. Kern, Chairman
St. Clair County Board
10 Public Square
Belleville, Illinois 62220

Dear Chairman Kern:

The St. Clair County Board's Grants Committee submits the payroll and expense claims for the pay periods in **July, 2026**.

These claims involve the expenditure of programmatic and administrative funds associated with the Community Development Group, Workforce Development Group, and the Community Services Group.

These expenditures have been processed by the administrative staff of the St. Clair County Intergovernmental Grants Department. They have been reviewed and approved by the Grants Committee and are recommended for County Board approval by the Grants Committee.

Respectfully submitted,

Stephen Reeb, Chairman
St. Clair County Board Grants Committee
